other State agencies. The indexing program will later be expanded in order to provide a complete record of all lands which have been owned by the State or any of the State agencies, but which have been conveyed. It was the unanimous expression of the Commission that initial steps should be taken by the Executive Officer to immediately proceed with such recommended indexing program.

15. (Gas Development Program in Colusa County) A report was made to the Commission of certain activity in connection with gas development being carried on in Colusa County by the General Petroleum Corporation. The Commission was informed that the State will undoubtedly have an interest in any gas field development in that area. The Executive Officer was requested to keep in close touch with the situation in an endeavor to protect the interests of the State.

There being no further business to come before the Commission, the meeting was adjourned.
