4.

DEFERMENT OF OPERATING REQUIREMENTS, MINERAL EXTRACTION LEASE P.R.C. 2094.1, TIDE AND SUBMERGED LANDS, SAN DIEGO BAY, SAN DIEGO COUNTY; SAN DIEGO GAS AND ELECTRIC COMPANY - W.O. 5021.

Mineral Extraction Lease P.R.C. 2094.1 was issued on March 9, 1958, to the San Diego Gas and Electric Company pursuant to competitive public bidding in accordance with Division 6 of the Public Resources Code. The lease requires an advance annual rental of $225.78 and the completion of 100 shifts of work during each year of the lease term. During the initial lease year, the lessee extracted a total of 831,997 cubic yards of sand, gravel, and fill material. This resulted in a royalty payment to the State in the amount of $24,959.91. The Commission has heretofore granted deferments of operating requirements to the lessee for the lease years ending March 9, 1960, March 9, 1961, March 9, 1962, and March 9, 1963.

A request has been received from the San Diego Gas and Electric Company for a deferment of operating requirements for the lease year ending March 9, 1964. The lessee states that the third electric generating unit of its South Bay Power Plant is scheduled for completion by July of this year. There is a possibility that this unit could necessitate further dredging.

IT IS RECOMMENDED THAT THE COMMISSION AUTHORIZE THE EXECUTIVE OFFICER TO GRANT TO SAN DIEGO GAS AND ELECTRIC COMPANY A DEFERMENT OF THE OPERATING REQUIREMENTS SPECIFIED IN SECTION 10 OF MINERAL EXTRACTION LEASE P.R.C. 2094.1, FOR THE LEASE YEAR ENDING MARCH 9, 1964, ALL OTHER TERMS, CONDITIONS, AND PERFORMANCE REQUIREMENTS, INCLUDING RENTAL PAYMENT, TO REMAIN UNCHANGED AND IN FULL FORCE AND EFFECT.
