PRC 5129.1

In accordance with the Commission's delegation of authority to the Executive Officer on February 24, 1977 (Minute Item No. 32), to issue dredging permits of 10,000 cubic yards or less, to perform maintenance dredging on State-owned lands. The following applicant has been granted permission to perform maintenance dredging on State-owned lands:

APPLICANT: Santa Clara County Parks Department
1555 Berger Drive, Bldg. 2, Room 209
San Jose, California 95112

The permit provides for dredging 1500 cubic yards of material from State-owned tide and submerged lands in Steamboat and Alviso Sloughs, Santa Clara County. The purpose of the dredging is to restore and maintain the channel to the County's Alviso Marina. Dredged materials will be spoiled on adjacent County-owned property for levee maintenance and repair. The permit provides for payment of a royalty of $0.25 per cubic yard in the event material is sold or placed on private property. The permit will be effective from January 15, 1980 through December 31, 1980.

EXHIBITS: A. Land Description. B. Location Map.

In compliance with said delegation of authority, it has been determined that the following conditions have been met:

1. The proposed project is categorically exempt from the requirements of CEQA, pursuant to the provisions of Section 15104 of the CEQA Guidelines.

2. Issuance of the permit and the resultant project will have no significant adverse effect on the environment or the environmental characteristics identified pursuant to Section 6370.1 et seq., of the P.R.C.

3. The dredging amount will not exceed 10,000 cubic yards.

4. A charge per cubic yard will be assessed for spoil material that is deposited on private property or otherwise lost to future state benefit.
