SUBVENTIONS TO CITIES AND COUNTIES
FOR THE 1981-82 FISCAL YEAR

DESCRIPTION: P.R.C. Section 6817, provides for subventions of State tide and submerged land oil and gas revenues to cities and counties, under conditions described below, and requires the State Lands Commission to report to the State Controller the amounts of revenues to be used for purposes of calculating subventions.

PURPOSE: To approve qualifying beaches and parks, as required by P.R.C. Section 6817 as listed in Exhibit "A" attached and by reference made a part hereof.

OTHER PERTINENT INFORMATION:

1. The subventions shall be made to cities or counties that own or operate parks (public beaches), free of charge to the public for recreational purposes. Prior to January 1, 1976, the statute required that qualifying parks be immediately adjacent to and have a common frontage with State tide and submerged land leased for oil and gas. As of January 1, 1976, due to the enactment of Chapter 1210, Statutes of 1975, the adjacency and common frontage requirements were removed for cities. Beach parks and State oil and gas leases may now be non-contiguous, although within a city's corporate limits, with the city qualifying for subventions if other statutory conditions are met.

2. The subvention for each fiscal year shall amount to one percent of the State's total revenue from offshore oil and gas leases located within the boundaries of the respective city or county, to a maximum of $75,000 for each mile or fraction of a mile of qualifying beach.

3. With respect to each city or county, the apportionment for any given fiscal year shall be based upon the physical facts existing on June 30 of the preceding fiscal year.

4. The State Lands Commission shall, at the time of remitting revenues to the State Treasurer, report to the State Controller the total amount of revenue received from tide and submerged lands shown with respect to each city or county to which such amount is applicable.

5. The City of Carpinteria has submitted data supporting its request for an additional 7900 feet of qualifying beach. Staff have reviewed the data and concur in the City's request. Qualifying footage, therefore, increases from 1254 feet to 9154 feet, and qualifying miles from one to two.

6. Subventions distributed by the Controller's Office for Fiscal Year 1980-81 are as follows:

City of Carpinteria	$ 14,577
City of Huntington Beach	150,000
City of Long Beach	75,000
