37. Discussion was had relative to a letter received from the Superior Oil Company wherein they requested the Commission to lease certain tide and submerged lands offshore from the City of Seal Beach, Orange County. In view of the interest of both the City of Long Beach and Seal Beach in such leasing and oil development, the Executive Officer was instructed to look into the matter further and report to the Commission. (Correspondence file)

38. A progress report was made by the Executive Officer concerning pending legislation. The Commission reiterated its approval of bills relative to codification of State land laws and favored passage of A. B. 1391-92 and S. B. 555 which would amend Public Land Laws discussed on March 15, and its disapproval of A. B. 1393. (Correspondence file)

39. Upon motion duly made and carried, a resolution was adopted authorizing the issuance of revision of easement heretofore approved to permit the Standard Oil Company of California to remove and salvage pipe from the 48 inch salt water pipe line over tide and submerged lands at El Segundo. (No. 80, Public Resources Code)

40. The Executive Officer presented to the Commission the developments in the issuance of a lease to R. D. Huffaker at Vidal Junction which lease was approved by the Commission on November 30, 1942. It appears that there is some controversy between Russell R. Travis, one of the State's lessees at this point, and Mr. Huffaker. In view of this, the Commission instructed the Executive Officer to contact the Quarantine Station of the Department of Agriculture and get their recommendation as to whether the lease should be issued to Mr. Huffaker. Pending the outcome of a report from Mr. Miller, action was deferred on any renewal or re-issuance of a lease on property now under lease to Russell R. Travis at Vidal Junction. (No. 70, Public Resources Code)

41. In accordance with instruction of the Commission at its meeting on February 25, 1943, advertising was placed for receipt of bids on an easterly extension of the Huntington Beach Tideland pool. A copy of the galley proof of this official advertising is attached hereto, marked Exhibit "A". (bid file)

There being no further business to come before the Commission, the meeting was adjourned.
