8. (Leasehold Condemnation Action No. 540 SD, Civil) The Commission was informed that the Navy's renewal on Action 540 SD Civil, a leasehold taking on the area of tide and submerged lands which were filled by the Navy in San Diego Bay, had expired on June 30, 1946. The Navy has suggested that disposition of the action and consequent restoration of clear title to the State could be achieved most expeditiously by acceptance of the State Lands Commission of a nominal rental consideration for the period said lands were held by the Navy.

Upon motion duly made and unanimously carried, a resolution was adopted authorizing the acceptance of a nominal rental consideration of \$1.00 per year for the period during which the United States Navy held 138 acres of filled tide and submerged lands in San Diego Bay under leasehold taking No. 540 SD, Civil, this area being that certain Parcel "F" shown on Public Works Drawing No. ND/M-9 (42) of the Eleventh Naval District.
