29. (Shell Oil Company, Sub-lease under P.R.C. 481, Santa Monica Bay - W.O. 587) The Commission was informed that on November 21, 1949, the Commission authorized the Executive Officer to issue a lease of certain tide and submerged lands in Santa Monica Bay for use as a service station site to Shell Oil Company. This lease is now in force and lessee has requested that it be granted the privilege of sub-leasing to a service station operator under contract to the lessee without the necessity of obtaining prior consent for such sub-lease from time to time as required by paragraph 6 of the standard lease form.

Upon motion duly made and unanimously carried, a resolution was adopted authorizing that the Shell Oil Company, as lessee under Lease No. P.R.C. 481, be given blanket consent to sub-lease to any operators under contract to it during the life of the lease subject to written notice to the Commission, of each such sub-lease subject to the condition that Shell Oil Company continues to assume all obligations of the lease.
