APPLICATION FOR A PERMIT TO OCCUPY STATE LANDS ALONG THE SOUTH SHORE OF EAGLE LAKE, LASSEN COUNTY, COUNTY OF LASSEN - W.O. 2884.

An application has been received from the County of Lassen, pursuant to Section 6502 of the Public Resources Code, for a 25-year permit to construct, maintain and operate a boat harbor and bathing beach, consisting of a rock jetty, berthing facilities, boat launching ramps, parking lots, and miscellaneous structures upon approximately 53 acres of State land in Eagle Lake, Lassen County.

The project site is located 17 miles northwest of Susanville at Gallatin Beach on the south shore of Eagle Lake, at an elevation of approximately 5100 feet. Under natural conditions Eagle Lake is landlocked, and the State has title to the lake bed waterward of the low water line. However, nearly forty years ago a tunnel was bored through the mountains to the east to convey water for irrigation purposes to lower valleys; this resulted in the recession of the lake level and the exposure of several thousand acres of State-owned land in the natural lake bed.

Since the exact boundary of the State land is not presently known, the applicant was required to obtain a Special Land Use Permit from the U. S. Forest Service, covering possible occupancy of U. S. Forest Service lands. The permit was issued for a 30-year term at no cost to the applicant.

The Small Craft Harbor Commission has recommended a State loan in the amount of \$65,000 for the construction of this project.

IT IS RECOMMENDED THAT THE EXECUTIVE OFFICER BE AUTHORIZED TO ISSUE A 25-YEAR PERMIT TO THE COUNTY OF LASSEN FOR THE CONSTRUCTION, MAINTENANCE AND OPERATION OF A BOAT HARBOR AND BATHING BEACH, CONSISTING OF A ROCK JETTY, BERTHING FACILITIES, BOAT LAUNCHING RAMPS, PARKING LOTS, AND MISCELLANEOUS STRUCTURES UPON SUBMERGED AND RECESSION LANDS OF EAGLE LAKE, DESCRIBED AS FOLLOWS:
