APPLICATION FOR PERMIT TO CONSTRUCT GROINS AND JETTIES ON TIDE AND SUBMERGED LANDS OF THE PACIFIC OCEAN AT OCEANSIDE IN THE COUNTY OF SAN DIEGO, CITY OF OCEANSIDE - W.O. 3466.

An application has been received from the City of Oceanside for a life-of-structure permit for the construction and maintenance of rock structures consisting of: (1) two groins extending approximately 600 feet and 400 feet respectively from the shore, (2) a sea wall extending approximately 450 feet along the shore, (3) a jetty projecting seaward approximately 1,100 feet from the end of said sea wall, and (4) a revetment extending approximately 150 feet from the shore, all for the protection of the proposed Oceanside Harbor and beaches. Plans for the protective structures have been approved by the U. S. Army Corps of Engineers and by the Small Craft Harbor Commission.

The Small Craft Harbor Commission has approved a \$1,000,000 State loan to the City of Oceanside for the construction of municipally owned harbor basin facilities and the offshore protective works. The remainder of the \$5,530,000 estimated cost is to be financed by the Federal Government and by harbor revenue bonds.

A small craft harbor at Oceanside, approximately midway between Mission Bay in the City of San Diego and Newport Bay in Orange County, will be the only protected harbor along this coastal area and may be utilized as a harbor of refuge by all small craft. Construction of the facility is expected to commence within the next few months after financial arrangements have been completed.

Sections 6221 and 6321 of the Public Resources Code authorize the Commission to issue the requested permit. A 49-year life-of-structure permit may be issued with the consideration being the public benefit and aid to navigation. The permit would include provision for the dredging and maintenance of the harbor channel entrance.

IT IS RECOMMENDED THAT THE EXECUTIVE OFFICER BE AUTHORIZED TO ISSUE A 49-YEAR LIFE-OF-STRUCTURE PERMIT TO THE CITY OF OCEANSIDE, SAN DIEGO COUNTY, FOR THE CONSTRUCTION AND MAINTENANCE OF ROCK GROINS, A SEA WALL, A JETTY AND A REVETMENT FOR THE PROTECTION OF THE OCEANSIDE BOAT HARBOR AND FOR THE DREDGING AND MAINTENANCE OF THE HARBOR ENTRANCE CHANNEL. THE CONSIDERATION FOR THE ISSUANCE OF THE PERMIT IS TO BE THE PUBLIC BENEFIT AND AID TO NAVIGATION. THE AREAS OF STATE SOVEREIGN LAND TO BE OCCUPIED ARE DESCRIBED AS FOLLOWS:

ALL THAT PORTION OF SECTIONS 21 AND 22, TOWNSHIP 11 SOUTH, RANGE 5 WEST, SAN BERNARDINO BASE & MERIDIAN, IN THE COUNTY OF SAN DIEGO, STATE OF CALIFORNIA, LYING WESTERLY OF THE MEAN HIGH TIDE LINE OF THE PACIFIC OCEAN MORE PARTICULARLY DESCRIBED AS FOLLOWS:
