APPLICATION FOR LIFE-OF-STRUCTURE PERMIT TO CONSTRUCT AND OPERATE A PUBLIC PARK ON TIDE AND SUBMERGED LANDS IN BELMONT SLOUGH AT BREWER ISLAND, SAN MATEO COUNTY; ESTERO MUNICIPAL IMPROVEMENT DISTRICT - W.O. 4171.

An application has been received from the Estero Municipal Improvement District for a life-of-structure permit covering approximately 27.28 acres of low-lying artificially accreted land and approximately 6.12 acres of submerged lands in Belmont Slough for development as a public park. The proposed park site is located on the westerly side of San Francisco Bay adjacent to Brewer Island, just outside of the San Mateo City limits. It is proposed to dredge Belmont Slough and to deposit the spoils on the adjacent low-lying lands in order to provide a bathing beach, a swimming area, and a channel navigable by small boats. Additional fill material for the park will be obtained from San Bruno Shoal, under Mineral Extraction Lease P.R.C. 2613.1, authorized by Commission action of July 28, 1960. The 33.40-acre park is to be equipped with necessary sanitary facilities and dressing rooms, and with concession buildings, a bathing beach, and other recreational facilities required to service the needs of the public properly; all are to be constructed and operated in compliance with applicable State codes.

The creation of the Estero Municipal Improvement District was authorized by the Legislature by Chapter 82, Statutes of 1960, 1st Extraordinary Session. The District consists of nearly 2600 acres, all on Brewer Island, under a development known as Foster City, which is intended eventually to have a total population of 35,000, living in 5000 single-family homes, 1600 town houses, 1000 town apartments, 2000 garden apartment, and 1400 high-rise apartments. There will be nine elementary schools and two high schools, a commercial district, and an industrial section. Planners predict that 7000 to 10,000 residents will find employment within the boundaries of the development.

Ideal Cement Company, the owner of a portion of the upland adjoining the proposed park, has submitted a letter of nonobjection to the development of a park and beach by the District. The Board of Supervisors of San Mateo County has given its consent, as required by Section 82 of the above-mentioned Chapter 82.

It is the opinion of the staff that the proposed park is a proper utilization of State land, as it will provide a needed recreational facility not only for the residents of the District but also for those in surrounding areas.

IT IS RECOMMENDED THAT THE EXECUTIVE OFFICER BE AUTHORIZED TO ISSUE TO ESTERO MUNICIPAL IMPROVEMENT DISTRICT:

1. A PERMIT TO DREDGE THE HERELINAFTER DESCRIBED STATE SOVEREIGN LANDS IN BELMONT SLOUGH TO A DEPTH OF SIX FEET BELOW MEAN LOWER LOW WATER, AND TO DEPOSIT THE SPOILS ON ADJACENT STATE LANDS, IN ACCORDANCE WITH U. S. ARMY CORPS OF ENGINEERS PERMIT NO. SPNHN-FN62-34A, DATED DECEMBER 21, 1961;
