APPLICATION FOR PERMIT TO DREDGE IN CARQUINEZ STRAIT, CONTRA COSTA COUNTY;
AMERICAN SMELTING AND REFINING COMPANY - W.O. 5441.

An application has been received from American Smelting and Refining Company for a permit to dredge approximately 5,000 cubic yards of material from State-owned tide and submerged lands in Carquinez Strait adjacent to the applicant's wharf at Selby (see Exhibit "A"). The wharf location is authorized by Lease P.R.C. 618.1. The dredged material is to be deposited in deep water in Carquinez Strait, as authorized by the U. S. Army Corps of Engineers.

Consideration for the issuance of the permit is to be the benefit to navigation. The statutory filing fee has been paid by the applicant.
