APPLICATION FOR PROSPECTING PERMIT FOR GEOTHERMAL ENERGY, SONOMA COUNTY;  
EUGENE SULLY HANCOCK, JR. - W.O. 5503.

An application has been received from Eugene Sully Hancock, Jr., for a permit to prospect for geothermal energy, mineral waters, and all minerals other than oil and gas, on 80 acres of land in which the minerals are reserved to the State in Section 32, T. 12 N., R. 9 W., M.D.B. & M., Sonoma County.

The surface owners, who were notified of the pending application, as set forth in Section 6893 of the Public Resources Code, notified the State Lands Division that they did not intend to file an application for a permit.

Both the Department of Fish and Game and the Water Pollution Control Board have requested that certain provisions be included in the prospecting permit form, the substantive content of which has been met.

Section 6891 of the Public Resources Code provides for the issuance to a qualified applicant of a prospecting permit for lands which are not known mineral lands.

The Geysers steam field is located five miles southeast of the proposed permit area, the Little Geysers steam field is nine miles southeast of the permit area, and the Sulphur Bank steam field is located four miles southeast of the property.

The applicant proposes to explore for geothermal energy by employing various geophysical methods, followed by drilling.

The applicant plans to use geothermal energy to produce electric energy, and possibly for the dehydration of vegetables.

A field reconnaissance of the area has established that the land sought is not known to contain commercially valuable deposits of mineral. The statutory filing fee of \$5 has been paid, and the permit fee of \$120 has been deposited by the applicant.

The Office of the Attorney General has advised that the permit complies with the applicable provisions of law and the Rules and Regulations of the Commission.

IT IS RECOMMENDED THAT, PURSUANT TO SECTION 6891 OF THE PUBLIC RESOURCES CODE, THE COMMISSION FIND THAT THE SOUTH HALF OF THE NORTHWEST QUARTER (S/2 NW/4) OF SECTION 32, TOWNSHIP 12 NORTH, RANGE 9 WEST, M.D.B. & M., COUNTY OF SONOMA, STATE OF CALIFORNIA, CONTAINING 80.00 ACRES, MORE OR LESS, IS NOT KNOWN MINERAL LAND; AND AUTHORIZE THE EXECUTIVE OFFICER TO ISSUE TO EUGENE SULLY HANCOCK, JR., A TWO-YEAR PROSPECTING PERMIT AUTHORIZING PROSPECTING FOR GEOTHERMAL ENERGY, FOR MINERAL WATERS, FOR
