The following information is current as of April 10, 1969:

1. Case No. 747562 (now consolidated with Case No. 649466) W.O. 2716  
 People vs. City of Long Beach, et al.  
 Los Angeles County Superior Court  
 (Long Beach Boundary Determination, Chapter 2000/57)

No change; i.e., Progress is being made towards the preparation of a final decision, and the Attorney General's Office is hopeful that a proposed Decree may be presented to the Court in the near future.

 Miller vs. City of Santa Monica, et al.  
 Los Angeles County Superior Court

No change; i.e., The City and the State have not filed any Demurrer or Answer as yet. The stipulation restrains the Plaintiffs from building in the disputed area, and restrains the City and the State from removing any improvements thereon.

No change; i.e., The State Lands Division is in correspondence with the Federal Government concerning the status of certain offshore rocks in the vicinity of Carpinteria as low tide elevations. If these rocks are low tide elevations, they will constitute base points for determining the seaward limits of State ownership and could substantially enlarge the extent of State ownership in this particular area.
