CALENDAR ITEM 26. (CONTD.)

3. Attention is called to projection of the northerly lease line from the shoreline as shown on Exhibit "C". The waterward boundary of the Moore property was set by Court Judgment against the State as defendant. The dredger cut is subject to an easement, by Reclamation District No. 317 for flood control and reclamation purposes, and by the public for navigation, commerce and fishery. The Court did not establish fee ownership of the cut. Mr. Moore has been advised of the boundaries of the amended lease, and no formal objection has been received.
