STATUS OF MAJOR LITIGATION - W.O.s 503.510, 4721, 503.527, 503.562, 1339, 503.554, 503.546, 4926, 503.456, 503.587, 1839.24, 6987, 1839.28, 503.539, 503.577, AND 503.629.

The following information is current as of April 1, 1970:

1. Case No. 892295
Miller vs. City of Santa Monica, et al.
Los Angeles County Superior Court

W-503.510

(An action by private upland owners involving title to tidelands that have artificially accreted. Both the State Lands Commission and the Division of Beaches and Parks have interests to protect.)

No change; i.e., The City and the State have not filed any Demurrer or Answer as yet. However, the City and the State have entered into a Stipulation with the Plaintiffs in lieu of a preliminary injunction. The Stipulation restrains the Plaintiffs from building in the disputed area, and restrains the City and the State from removing any improvements thereon.

2. Case No. 5 Original in the United States Supreme Court
United States vs. State of California

W-4721

(Relating to the location of the offshore boundaries between lands under the paramount jurisdiction of the United States and lands owned by the State, for such purposes as minerals. A Supplemental Decree was entered in this case, settling the principal controversies between the State and the United States, but reserving jurisdiction in the United States Supreme Court to settle any remaining controversies.)

No change; i.e., The State Lands Division is in correspondence with the Federal Government concerning the status of certain offshore rocks in the vicinity of Carpinteria as low-tide elevations. If these rocks are low-tide elevations, they will constitute base points for determining the seaward limits of State ownership and could substantially enlarge the extent of State ownership in this particular area.

White vs. State of California
Sonoma County Superior Court

W-503.527
W-503.562

(Quiet title action against the State to determine a property boundary along the Petaluma River, Sonoma County.)
