RESURVEY OF SAN RAFAEL CANAL

By Section 3, Chapter 1742, Statutes of 1971, the City of San Rafael was directed by the California Legislature to cause a resurvey of the San Rafael Canal to be made. The resurvey and mapping requires the approval of the State Lands Commission prior to filing for record in the office of the Marin County Recorder.

Pursuant to the above-mentioned statute, a resurvey of San Rafael Canal was made by Hoffman & Albritton Engineers, of San Rafael, at the request of the City of San Rafael. The survey and mapping has been submitted to the State Lands Division and is being reviewed and field checked. Changes have been and are continuing to be made by Hoffman & Albritton Engineers at the request of State Lands Division staff. Currently the review and field check is incomplete and necessary map revisions and additional monumentation have not been completed. The maps and monumentation in their present form are not fully satisfactory to the staff and to prospective title insurers.
