

17. PERMITS TO PROSPECT FOR GEOTHERMAL RESOURCES, SURPRISE VALLEY, MODOC COUNTY; GETTY OIL COMPANY - W 9463, W 9464, PRC 4928.1, PRC 4929.1.

During consideration of Calendar Item 16 attached, Mr. E. N. Gladish, Executive Officer, State Lands Commission, presented a letter from Mr. Hamilton Hess, Geothermal Coordinator for the California Sierra Club, dated June 24, 1974. The letter reflected the Sierra Club's position that the environmental impact report prepared by the Division concerning the exploratory permits was inadequate for implementation of the California Environmental Quality Act. Mr. Gladish then asked Mr. Warren J. Abbott, Deputy Attorney General, to respond to the legal interpretation of the adequacy of the EIR. Mr. Abbott stated that it was the opinion of the Office of the Attorney General that the Commission had complied with CEQA. Mr. Gladish pointed out that the Commission's action relates only to permits to explore for geothermal resources. He stated that the exploration will take place from private land through slant drilling for State-claimed resources under water bodies in Modoc County. In addition, Mr. Gladish commented that the points raised by the Sierra Club are difficult to speak to in terms of exploration activities since, as previously stated, the permits concern exploration and do not involve development activity.

Mr. Godfrey Lohn, Chairman, Sierra Club Mother Lode Chapter Conservation Committee, appeared. He inquired as to whether a reply would be forwarded to Mr. Hess which would respond to the points raised in his letter. Mr. Gladish assured Mr. Lohn that such a reply would be directed to Mr. Hess.

Acting Chairman Kirk West stressed that prior to awarding a developmental lease, an environmental impact report would necessarily be prepared and would cover the points raised in Mr. Hess's letter.

Upon motion duly made and carried, the following resolution was adopted:

THE COMMISSION:

1. DETERMINES THAT A FINAL ENVIRONMENTAL IMPACT REPORT HAS BEEN PREPARED FOR THIS PROJECT BY THE DIVISION FOLLOWING EVALUATION OF COMMENTS AND CONSULTATION WITH PUBLIC AGENCIES WHICH WILL ISSUE APPROVALS FOR THE PROJECT.
2. CERTIFIES THAT THE FINAL ENVIRONMENTAL IMPACT REPORT (EIR NO. 158) HAS BEEN COMPLETED IN COMPLIANCE WITH THE CALIFORNIA ENVIRONMENTAL QUALITY ACT OF 1970, AS AMENDED, AND THE STATE GUIDELINES AND THAT THE COMMISSION HAS REVIEWED AND CONSIDERED THE INFORMATION CONTAINED THEREIN.
3. DETERMINES THAT THE PROJECT WILL NOT HAVE A SIGNIFICANT EFFECT ON THE ENVIRONMENT.
