AMENDMENT OF PRIOR AUTHORIZATION FOR
GENERAL PERMIT - PUBLIC AGENCY USE

APPLICANT: County of San Mateo
County Government Center
590 Hamilton Street
Redwood City, California 94063

AREA, TYPE LAND AND LOCATION:
A 3.573 acre parcel of tide and submerged
lands in San Francisco Bay, adjacent to
the San Mateo-Hayward Bridge, San Mateo
County.

LAND USE: Recreational fishing pier.

TERMS OF PROPOSED LEASE:
Initial period: 49 years from March 1,
1977.

CONSIDERATION:
The public use and benefit, with the State
reserving the right at any time to set
a monetary rental if the Commission finds
such action to be in the State's best interest.

BACKGROUND AND PRESENT SITUATION:

1. At its meeting of February 24, 1977,
the Commission approved a 49-year permit
to the County of San Mateo, for recrea-
tional purposes.
2. The implementing permit has not been
fully executed. The staff and the county
have just recently agreed that the
permit should acknowledge and ratify
2 previous transactions by and between
the county and the State Wildlife
Conservation Board (WCB). These trans-
actions include an April 2, 1971 Cooperative
Agreement, concerning rehabilitation
of the pier, and a 25-year lease in
which the WCB is the lessee of the
county, effective November 1, 1970.

CALENDAR ITEM NO. C3. (CONTD)

The Cooperative Agreement provides for the reconstruction, repair and remodeling of the structure. The lease agreement provides for occupation and control of the pier by the WCB for a public fishing facility. This structure was formerly a highway bridge and has been converted to the present use by WCB and the County of San Mateo. The staff has reviewed these documents and finds them to be consistent with the terms and conditions of the pending permit to the county.

OTHER PERTINENT INFORMATION:

1. An EIR is not required. This transaction is within the purview of 2 Cal. Adm. Code 2907(a) which exempts an existing structure or facility that is in an acceptable state of repair where there is no evidence of record to show injury to adjacent property, shoreline erosion, or other types of environmental degradation.
2. This project is situated on State land identified as possessing significant environmental values pursuant to P.R.C. 6370.1, and is classified in a use category, Class C, which authorizes Multiple Use.
3. Staff review indicated that there will be no significant effect upon the identified environmental values. This is an existing facility for which no adverse comments have been received.

EXHIBITS: A. Land Description. B. Location Map.

IT IS RECOMMENDED THAT THE COMMISSION AMEND CALENDAR ITEM C4 AND MINUTE ITEM C4 OF FEBRUARY 24, 1977 TO READ AS FOLLOWS:

CALENDAR ITEM NO. C8, (CONTD)

2. FIND THAT GRANTING OF THE PERMIT OR LEASE WILL HAVE NO SIGNIFICANT EFFECT UPON ENVIRONMENTAL CHARACTERISTICS IDENTIFIED PURSUANT TO SECTION 6370.1, OF THE P.R.C.
