CALENDAR ITEM NO. C14 (CONTD)

OTHER PERTINENT INFORMATION:

1. BACKGROUND: On February 28, 1980, the Commission authorized the issuance of a 10-year General Permit - Recreational Use on the parcel of State-owned submerged land shown on Exhibit "A" to the Shapiro Company. A recreational boat dock and ramps, are located in a portion of the permit area. The Shapiro Company constructed a single-family residence on the upland. Subsequent to the Commission's authorization of the above-referenced permit and prior to execution by the staff of the Commission, the Shapiro Company sold the upland lots to Robert E. Donald and Sharon V. Donald, husband and wife.

2. CURRENT SITUATION: The staff has received an application from Mr. and Mrs. Donald for a recreational pier permit covering their facilities. The application was complete and qualifies as a Recreation Pier Permit.

The staff recommends that the Commission rescind its earlier authorization to the Shapiro Company for a General Permit - Recreational Use on the land shown on Exhibit "A", and authorize a Recreational Pier Permit for a recreational boat dock and ramps. The standard Recreational Pier Permit has to be modified to include a provision to accommodate public access pursuant to the Regional Coastal Commission requirements.

3. An EIR is not required. This transaction is within the purview of 2 Cal. Adm. Code 2907, Class 1(B), which exempts an existing structure or facility that is in an acceptable state of repair and there is no evidence of record to show injury to adjacent property, shoreline erosion, or other types of environmental degradation.
