OTHER PERTINENT INFORMATION:

1. On August 8, 1957, the State Lands Commission authorized a 49-year right-of-way easement PRC 1978.1 beginning July 29, 1957 to Cibola Ferry Inc. for construction of a bridge. Consideration was \$50 total rental for the full term. The lease did not contain any provision for subsequent assignments. On October 1, 1959, Cibola Ferry, Inc. transferred, assigned, and quitclaimed to Cibola Valley Farming and Mining Company, Inc., all of its right, title and interest in the Cibola Bridge, including all easements and permits pertaining to the structure. On November 1, 1976, Cibola Valley Farming and Mining Company, Inc. similarly transferred all right, title, and interest in the bridge, including easements and permits, to Cibola Valley Irrigation and Drainage District.

The new proposed lease terminates and quitclaims the interest of Cibola Valley Irrigation and Drainage District in Lease PRC 1978.1, dated May 4, 1959 and incorporates the Commission's current leasing policies.

2. The original bridge was destroyed during a storm in 1976. The Cibola Valley Irrigation and Drainage District is initiating and funding the reconstruction of the bridge.
3. The annual rental value of the site is estimated to be \$110.
4. This project is exempt from CEQA because it consists of reconstruction and replacement of a previously existing facility.

Authority: Title 14, Cal. Adm. Code, Section 15102.

5. This project is situated on State land identified as possessing significant environmental values pursuant to P.R.C.
