DENIAL OF APPLICATION
AB 884

APPLICANT: Southern California Edison Company
P. O. Box 410
Long Beach, California 90801

PROPOSAL: Construct, operate and maintain electrical
transmission lines.

Chapter 1200, Statutes of 1977 (AB 884), requires State agencies to compile lists of criteria specifying the detailed application information required of applicants for development projects. Accordingly, the State Lands Commission adopted its application criteria through Calendar Item 12 at its April 12, 1978 meeting.

Under AB 884, once an application has been accepted as complete, the Commission must act on the application within specified time periods. Failure to act within the time allowed, either by approving or denying the project, could result in automatic approval of the project (by operation of law).

Therefore, pursuant to Chapter 1200, Statutes of 1977, the following application for the State Lands Commission lease is submitted for denial.

This application should be denied pending a formal agreement between the Commission and the applicant as to precise location of transmission towers in order to avoid conflict with use of parcel for mineral extraction.

AB 884: 12/15/81X(90).

EXHIBIT: A. Location Map.

IT IS RECOMMENDED THAT THE COMMISSION:

1. DENY, WITHOUT PREJUDICE TO APPLICANT'S RIGHT TO REAPPLY FOR THE SAME PROJECT, THE APPLICATION OF SOUTHERN CALIFORNIA EDISON COMPANY FOR THE PROPOSED RIGHT-OF-WAY ACROSS STATE SCHOOL LAND FOR ELECTRICAL TRANSMISSION LINES, RIVERSIDE COUNTY, IN COMPLIANCE WITH THE STANDARDS FOR DENIAL SET FORTH IN SECTION 1099 OF THE STATE ADMINISTRATIVE MANUAL.
