DENIAL OF APPLICATION

Chapter 1200, Statutes of 1977 (AB 884), requires State agencies to compile lists of criteria specifying the detailed application information required of applicants for development projects. Accordingly, the State Lands Commission adopted its application criteria through Calendar Item No. 2 at its April 27, 1978 meeting.

Under AB 884, once an application has been accepted as complete, the Commission must act on the application within specified time periods. Failure to act within the time allowed, either by approving or denying the project, results in automatic approval of the project (by operation of law).

Therefore, pursuant to Chapter 1200, Statutes of 1977, the following application for the State Lands Commission lease is submitted for denial. This application should be denied because the applicant has not responded within the time limits as provided by law, inasmuch as the proposed lease has not been executed and returned. However, the applicant has paid rental monies as stated in the proposed lease for the use of State-owned land for the period of March 25, 1980 through March 24, 1982. Also, the applicant has agreed to remove the docking facilities within 90 days of approval of this item. This application was deemed complete in accordance with Commission approved criteria.
