DENIAL OF APPLICATION

Chapter 1200, Statutes of 1977 (AB 884), requires State agencies to compile lists of criteria specifying the detailed application information required of applicants for development projects. Accordingly, the State Lands Commission adopted its application criteria through Calendar Item No.12 at its April 27, 1978 meeting.

Under AB 884, once an application has been accepted as complete, the Commission must act on the application within specified time periods. Failure to act within the time allowed, either by approving or denying the project, results, in automatic approval of the project (by operation of law).

Therefore, pursuant to Chapter 1200, Statutes of 1977, the following application for a State Lands Commission lease is submitted for denial. This application should be denied without prejudice because the applicant has not responded within the time limits as provided by law, inasmuch as the moneys required in the case by California Administrative Code Section 1905(b)(2) for preparation of an EIR have been requested from the applicant but have not been received. An EIR is deemed by the staff to be required for these leases for jobo cultivation near Twentynine Palms, San Bernardino County, by Cal. Adm. Code Sections 15080(a) and (d); 15081(a), and 15084(c). This application was deemed complete in accordance with Commission approved criteria on December 31, 1981.

APPLICANT: John Driver
