DENIAL OF APPLICATION

Chapter 1200, Statutes of 1977 (AB 884), requires State agencies to compile lists of criteria specifying the detailed application information required of applicants for development projects. Accordingly, the State Lands Commission adopted its application criteria through Calendar Item No. 12 at its April 12, 1978 meeting.

Under AB 884, once an application has been accepted as complete, the Commission must act on the application within specified time periods. Failure to act within the time allowed, either by approving or denying the project, results in automatic approval of the project (by operation of law).

Therefore pursuant to Chapter 1200, Statutes of 1977, the following application for a State Lands Commission permit is submitted for denial due to possible historical significance of the State-owned property involved, and because a public entity has submitted an application, covering the subject State lands.

APPLICANT: Kirk Purvis  
1631 Saint Lawrence Way  
Pleasant Hill, California 94523

AB 884: 4/28/83.

TYPE OF PERMIT REQUESTED:  
The application is for a salvage permit to conduct a salvage operation on the SS Ohisan near Seal Rock in the Pacific Ocean, San Francisco County.
