SALE OF 22.8 ACRES OF STATE SCHOOL LAND
IN SAN BERNARDINO COUNTY TO
CHARLES E. SLUSHER

In May 1980, the Commission authorized offering a parcel of State school land in San Bernardino County for sale. The property is a portion of a 40-acre parcel that was acquired in 1938 through a land exchange with the Bureau of Land Management. It was acquired in order to locate an agricultural inspection station at the intersection of Highway 95 and 62 at Vidal Junction. Presently only 0.65 acres are leased by the Department of Food and Agriculture for the inspection station. In 1949 an unleased portion of the property was sold into private ownership. The property being offered for sale at this time is the 22.8-acre remainder of the parcel not under lease or occupied by Highways 95 and 62. The parcel is level desert land, not suitable for cultivation. The current fair market value determined by staff appraisal in March 1983 was \$12,000. Sealed bids were solicited by newspaper advertising and two bids were received at the bid opening on April 26.

The high bid was from Charles E. Slusher in the amount of \$25,250 or twice the appraised value. A ten percent deposit in the amount of \$2,525 accompanied the bid, leaving \$22,725 yet to be paid.
