DENIAL OF APPLICATION

Chapter 1200, Statutes of 1977 (AB 884), requires State agencies to compile lists of criteria specifying the detailed application information required of applicants for development projects. Accordingly, the State Lands Commission adopted its application criteria through Calendar Item 2 at its April 27, 1978 meeting.

Under AB 884, once an application has been accepted as complete, the Commission must act on the application within specified time periods. Failure to act within the time allowed, either by approving or denying the project, results in automatic approval of the project (by operation of law).

Therefore, pursuant to Chapter 1200, Statutes of 1977, the following application for the State Lands Commission lease is submitted for denial. This application should be denied without prejudice, because the applicant will be unable to provide liability insurance protection to the State for the use of the 0.592-acre parcel applied for. If the applicant is later able to provide such insurance, he may re-apply for project approvals. The planned project includes a Back Board for basketball practice plus a fence around the site.
