COMPLIANCE WITH CEQA (1970) AS AMENDED:

The City determined that the project is exempt from the requirements of CEQA (1970), Section 15104 (minor alteration in the condition of public land).

CEQA is not applicable to the Commission action sought by the City since the action does not constitute a project approval under CEQA.

AB 884: N/A.

OTHER PERTINENT INFORMATION:

The City's letter dated January 10, 1984 notifying the Commission of its intent to spend in excess of \$50,000 of its tideland oil revenues for this capital improvement project is in conformance with the requirements of Chapter 138/'64 1st E.S., Section 6(h). In support of the notice of intent, the City furnished adequate detailed description of the proposed work in the form of construction contract plans and specifications and a copy of the notice of categorical exemption.

This project involves the development of the Taper parcel recently acquired by the City with tideland oil revenues. The acquisition was favorably considered by the Commission at its January 23, 1984 meeting (Minute Item 22).

The Commission may either:

1. Find that the project is authorized by Chapter 138, Section 6; or
3. Take no action within 60 days after receipt of the City's notification of intent (by March 14, 1984) in which case the City may then proceed to spend its tideland oil revenues for the project.

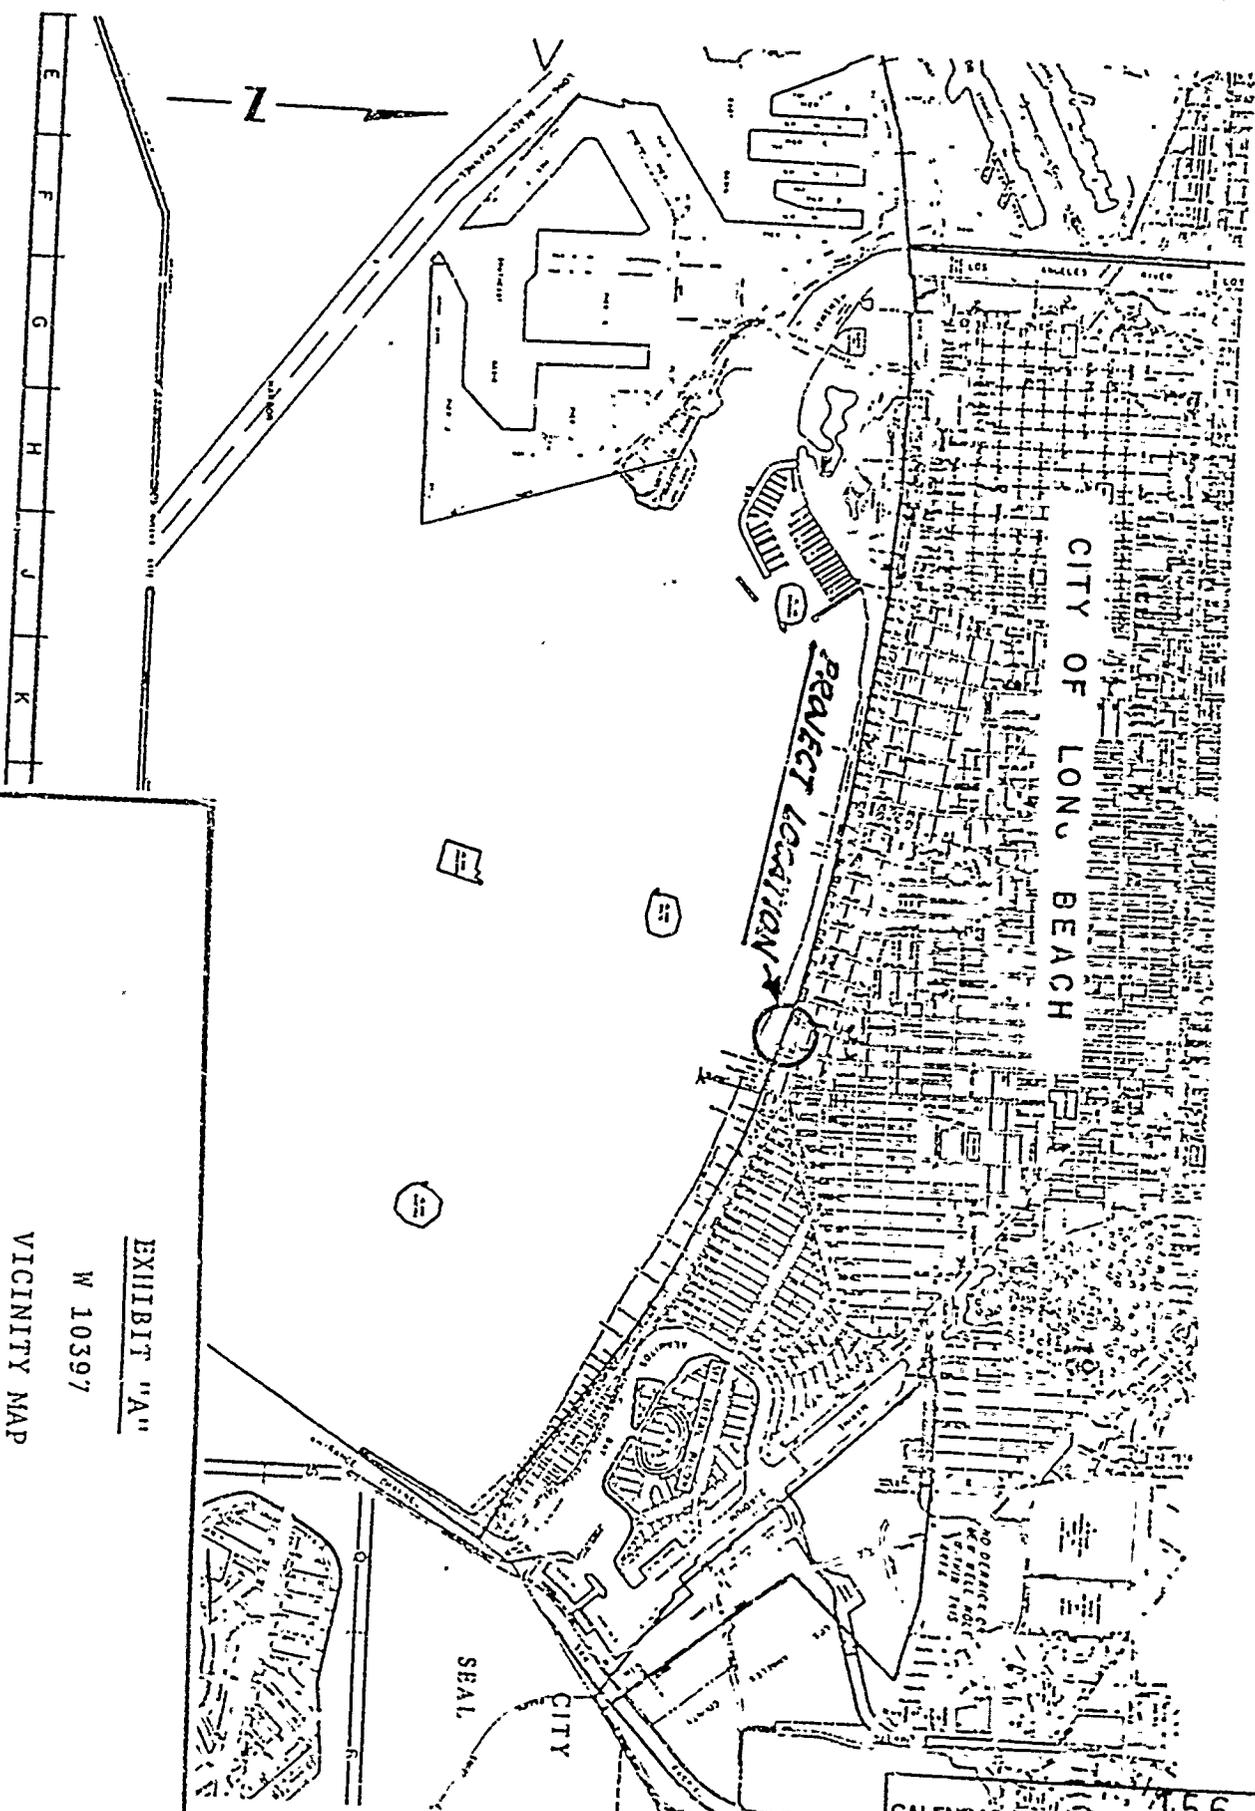

CALENDAR ITEM NO. 22 (CONTD)

Action 1 is recommended because Section 6(c) provides for "The construction, reconstruction ... of ... earth fills ... roadways ... recreational facilities, landscaping ... an other improvements ... "and Section 6(d) provides for "The construction ... of ... marine parks ... and related facilities ..." all on or adjacent to the Long Beach tidelands for the benefit and use of said tidelands. Section 6(f) provides for "... the rendition of services reasonably necessary to the carrying out of the foregoing uses and purposes" in this case, the engineering costs of the project. The staff also recommends that the Commission's finding include a requirement that the City file a statement of final project costs with the Commission within 180 days after completion of the work.

EXHIBITS: A. Vicinity Map.

IT IS RECOMMENDED THAT THE COMMISSION FIND:

1. 2. THAT THE COMMISSION'S REVIEW OF THE PROPOSED ACTION BY THE CITY OF LONG BEACH IS EXEMPT FROM CEQA PURSUANT TO CAL. ADMIN. CODE 15061 BECAUSE SUCH ACTION IS NOT A PROJECT AS DEFINED BY P.R.C. 21065 AND CAL. ADM. CODE 15378.
