AUTHORIZE APPROVAL OF SURVEY OF FOREST LANDS

PARTY: State Lands Commission  
1807 - 13th Street  
Sacramento, California 95814

BACKGROUND: The Lamoine Forest Management Project is  
located on a 240-acre parcel of State school  
land 25 miles north of Redding, California,  
in Shasta County.

The management plan that has been developed  
for the parcel by staff foresters calls  
for the harvest of 3 million board feet  
of mature and overmature saw timber valued  
at \$300,000.

Prior to selecting and marking the trees  
to be harvested, and selecting the route  
for an access road, it was necessary to  
establish the project boundary on the ground.  
Survey and marking the boundary has been  
completed and a record of survey map has  
been prepared in accordance with the Land  
Surveyors Act.
