OTHER PERTINENT INFORMATION:

1. On May 24, 1984, the State Lands Commission approved a General Permit - Public Agency Use, to the City of Pismo Beach (City) for the lease of .640 acres of tidelands and submerged lands underlying the Pismo Beach Fishing Pier. On July 12, 1984, the Commission approved an amendment to the permit which modified the lease description to provide for a proposed pier expansion which was to be partially financed through funding commitments from the Wildlife Conservation Board and the Federal Emergency Management Administration. On October 25, 1984, the Commission approved

CALENDAR ITEM NO. 22 (CONT'D)

an amendment to the permit which amended the lease description to accommodate the City in obtaining title insurance and also restricted to use on the lease premises any revenues derived from or attributable to the lease premises.

2. In order to finance the remainder of the pier expansion project, the City formed the City of Pismo Beach Facilities Corporation (Corporation). The City and the Corporation entered in a Lease Agreement which subleases Lease PRC 6674, upon which the pier is located, to the Corporation, which then subleases such property back to the City for maintenance and operation. Under the Lease Agreement, the City is obligated to make lease payments to the Corporation for the use and occupancy of the property. The Corporation is obligated to assist the City in the pier project by assigning the lease payments to a Trustee whose responsibility is to administer funds for the improvement and restoration of the pier. The October 25, 1984 Commission action approved these subleases between the City and the Corporation, and the assignments of revenues to the named Trustee. The City previously named the Bank of America NT & SA as Trustee for this project. The City has recently obtained a new Trustee, First Interstate Bank of California.
3. The lease description is being changed to correct a typographical error and to clarify the description for title insurance purposes.
4. The annual rental value of the site is estimated to be \$15,980.
