OTHER PERTINENT INFORMATION:

1. The applicants, amateur radio hobbyists, desire to disassemble and remove particular items from State-owned lands on which is located an abandoned USAF communications facility. The State received this land as SLL 111 at Hamilton Air Force Base through exchange with the Federal Government on January 17, 1985 with the antenna equipment on site. As part of the agreement they were to knock down the antennas, but they were not removed. They are useless to the State, and staff has attempted without success to rid the land of the items.

The antenna equipment to be removed is comprised of 16 wooden poles ranging from 25' to 90' high and nine steel antenna towers ranging from 45' to 140' in length. Ancillary equipment includes small antennas, support cables, guy wires and hardware. All the items will be removed by hand tools and hauled away by truck. Terms of the permit require that the wooden poles be removed to below ground and the area be cleaned of debris upon completion.

Staff recommends that due to the nature of the project which will benefit the State by removing a hazardous condition from off State land, no rental should be charged the salvors.

CALENDAR ITEM NO. C07¹ (CONT'D)

2. This activity involves lands which have NOT been identified as possessing significant environmental values pursuant to P.R.C. 6370, et seq. However, the Commission has declared that all tide and submerged lands are "significant" by nature of their public ownership (as opposed to "environmental significant"). Since such declaration of significance is not based upon the requirements and criteria of P.R.C. 6370, et seq., use classifications for such lands have not been designated. Therefore, the finding of the project's consistency with the use classification as required by 2 Cal. Adm. Code 2954 is not applicable.

3. Pursuant to the Commission's delegation of authority and the State CEQA Guidelines (14 Cal. Adm. Code 15061), the staff has determined that this activity is exempt from the requirements of the CEQA as a categorical exempt project. The project is exempt under Class 4, Minor Alteration to Land, 14 Cal. Adm. Code 15304.

Authority: P.R.C. 21084 and 14 Cal. Adm. Code 15300.

APPROVALS OBTAINED:

FURTHER APPROVALS REQUIRED:

1. FIND THAT THE SIGNIFICANT ENVIRONMENTAL VALUES ORIGINALLY IDENTIFIED PURSUANT TO P.R.C. 6370, ET SEQ., ARE NOT WITHIN THE PROJECT SITE AND WILL NOT BE AFFECTED BY THE PROPOSED PROJECT.

CALENDAR ITEM NO. C 07 ¹ (CONT'D)
