OTHER PERTINENT INFORMATION:

1. The proposed lease area was originally leased to the California and Hawaiian Sugar Company as a portion of Parcel "B" of Lease PRC 2546. That lease was subsequently assigned to Crockett Marine Service, effective August 20, 1984 and was simultaneously amended to delete Parcel "B". However, California and Hawaiian Sugar Company continued to occupy 0.245 acres of Parcel "B" for their existing facilities. They have agreed to a settlement for the continued use and obtain a lease for future use of the premises. The negotiated settlement did not include collection of interest or penalty and staff recommends this be waived.
2. This activity involves lands which have NOT been identified as possessing significant environmental values pursuant to P.R.C. 6370, et seq. However, the Commission has declared that all tide and submerged lands are "significant" by nature of their public ownership (as opposed to "environmental significant"). Since such declaration of significance is not based upon the requirements and criteria of P.R.C. 6370, et seq., use classifications for such lands have not been designated. Therefore, the finding of the project's consistency with the use classification as required by 2 Cal. Adm. Code 2954 is not applicable.

3. Pursuant to the Commission's delegation of authority and the State CEQA Guidelines (14 Cal. Adm. Code 15061), the staff has determined that this activity is exempt from the requirements of the CEQA as a categorical exempt project. The project is exempt under Class 1, Existing Facilities, 2 Cal. Adm. Code 2905(a)(2).

1. FIND THAT THE ACTIVITY IS EXEMPT FROM THE REQUIREMENTS OF THE CEQA PURSUANT TO 14 CAL. ADM CODE 15061 AS A CATEGORICAL EXEMPT PROJECT CLASS 1, EXISTING FACILITIES, 2 CAL. ADM. CODE 2905(a)(2)
