AUTHORIZATION TO EXPEND MONIES FROM KAPILOFF  
LAND BANK FUND FOR ACQUISITION OF A PARCEL OF  
REAL PROPERTY IN MALIBU, LOS ANGELES COUNTY

Commission staff has identified a parcel of real property ("Proposed Acquisition Parcel") on Santa Monica Bay in Los Angeles County, currently owned by Imperial Bank, a California Corporation. Imperial Bank has offered to quitclaim this property to the State for \$1,000.

The Proposed Acquisition Parcel is unimproved, consists of approximately 2,200 square feet, and fronts on the Pacific Ocean to the south and the Pacific Coast Highway to the north. It is adjacent to and west of a parcel of land acquired by the Commission pursuant to the Kapiloff Land Bank Act in 1986, which in turn is adjacent to Las Tunas State Beach. Staff of the California Department of Parks and Recreation has indicated that it would like to add both parcels to the park.

There are tax liens against the Proposed Acquisition Parcel in the amount of approximately \$32,000. Los Angeles County has tentatively scheduled a tax sale of the property for February, 1988, and has set a minimum bid of \$50,000. If the Commission were to purchase the property from the bank, it would take title subject to the above-referenced tax liens, which it would have to pay in order to acquire clear title.

Staff has reviewed appraisals of the Proposed Acquisition Parcel, in light of possible State sovereign claims in the parcel, and has concluded that the value of interests to be acquired by the proposed purchase exceeds \$33,000, the approximate total of the bank's asking price and the outstanding tax liens. Due to this economic advantage, and in light of public trust value of the property for park purposes, staff recommends that the Proposed Acquisition Parcel be

purchased with Kapiloff Land Bank Funds in an amount not to exceed \$33,000, and that the parcel then be leased to the Department of Parks and Recreation for 49 years for inclusion in Las Tunas State Beach.
