GENERAL PERMIT - PUBLIC AGENCY USE

APPLICANT: City of San Francisco
Recreation and Park Department
Attn: Deborah Learner
McClaren Lodge
Golden Gate Park
San Francisco, California 94117

AREA, TYPE LAND AND LOCATION:
Approximate aggregate area of 0.37 acre,
sovereign lands, portion of Lake Merced,
San Francisco County.

LAND USE: Five fishing piers.

TERMS OF PROPOSED PERMIT:
Initial period: Forty-nine (49) years
beginning May 15, 1989.

CONSIDERATION: The public use and benefit; with the State
reserving the right at any time to set a
monetary rental if the Commission finds such
action to be in the State's best interest.

Title 14, Div. 6.

AB 884: 07/18/89.

CALENDAR ITEM NO. C 02 (CONT'D)

OTHER PERTINENT INFORMATION:

1. A Negative Declaration was prepared and adopted for this project by City/County of San Francisco. The State Lands Commission's staff has reviewed such document and believes that it complies with the requirements of the CEQA.
2. The permit provides that all improvements and structures within Lake Merced, north and south, except for that part of said lake within Rancho Laguna de la Merced, are subject to the permit jurisdiction of the State Lands Commission, but that there has been no final determination of the westerly boundary of the Rancho at the lake.
3. For the sake of efficient lease administration, the permit additionally provides, pending a final determination of the location of the westerly boundary of the Rancho, and without limiting or deciding upon the extent of the State's sovereign interest within Lake Merced, that the fishing pier designated as site "F" on the City's Negative Declaration, and a small bridge structure lying easterly of site "F", may both be retained, altered, or removed at the Permittee's discretion without involvement by the Lands Commission. The City has also agreed to provide and maintain waste receptacles at each pier site.
4. The Applicant has requested a waiver of the \$450 minimum expense deposit on the grounds that the project improvements will be serving and benefitting a broad segment of the general public, and not just the citizens of the City and County of San Francisco. Staff agrees with the Applicant and believes that a waiver of the fee is appropriate.

APPROVALS OBTAINED:

United States Army Corps of Engineers and
California Coastal Commission.

Agency Contact Person: Ivan M. Christie Telephone: (415) 558-6306

Project Title: 85.565E: Fishing Piers Project Sponsor: San Francisco Recreation & Park Department

Project Contact Person: Ms. Debra Learner

Project Address: North and South Lake Merced

Assessor's Block(s) and Lot(s): Lot 1 in Assessor's Block 7283

City and County: San Francisco

Project Description: Proposed placement of six floating fishing piers at sites on North Lake Merced west of the footbridge, and two sites on South Lake Merced (Note: This is an alteration of a previous proposal made in 1965)

Building Permit Application Number, if Applicable: N/A

THIS PROJECT COULD NOT HAVE A SIGNIFICANT EFFECT ON THE ENVIRONMENT. This finding is based upon the criteria of the Guidelines of the State Secretary for Resources, Sections 15064 (Determining Significant Effect), 15065 (Mandatory Findings of Significance) and 15070 (Decision to Prepare a Negative Declaration), and the following reasons as documented in the Initial Evaluation (Initial Study) for the project, which is attached:

The Recreation and Park Department is examining six sites for construction of floating fishing piers on Lake Merced. Of the six sites, four or five would be chosen for actual construction. Four of the sites are on the North Lake and two are on the South Lake. The project would include rehabilitation of these parts of the shoreline which have experienced erosion problems over the years from use by the public for fishing. A public hearing on the project would be required before the Recreation and Park Commission. The project would require a Coastal Zone permit from the Department of City Planning as well as a building permit.
