AUTHORIZATION TO EXTEND
CONSTRUCTION-LIMITING DATE

APPLICANT: California Fish Growers, Inc.
350 Townsend Street, Suite 300
San Francisco, California 94107

BACKGROUND:

The Commission, at its meeting of March 23, 1982, Minute Item 14, approved the issuance of a ten-year General Lease - Right-of-Way Use to California Fishgrowers, Inc. for construction and use of intake and outfall water pipelines, located in the Pacific Ocean at Bodega Bay, Sonoma County, to support an onshore fish-farm facility. The Commission has previously authorized two extensions of the construction-limiting date, one at its February 24, 1983 meeting to March 31, 1986, and one at its May 9, 1988 meeting to May 31, 1989, with a minimum rental rate applicable until completion of the construction or the limiting date, whichever occurred first.

CURRENT SITUATION:

Operation of the facility, to date, has not required the installation of the pipelines authorized in the subject lease. The Lessee plans to implement the project, as originally designed, within the next year and therefore requests that the "construct-by" date specified in the lease be extended to November 30, 1990.
