APPROVE SECOND MODIFICATION OF THE 1990-91
PLAN OF DEVELOPMENT AND OPERATIONS AND BUDGET,
LONG BEACH UNIT, WILMINGTON OIL FIELD,
LOS ANGELES COUNTY

The City of Long Beach has requested approval of the Second Modification of the 1990-91 Plan of Development and Operations and Budget, Long Beach Unit. Under the approved 1990-91 Plan and Budget, Part IV Procedures, any transfer of funds between Program Budgets shall be accomplished by a Budget Modification in accordance with Section 5(g) of Chapter 138. This Modification would modify the plan to provide for the transfer of $320,000 from the Oil and Gas Production Program to the Management, Administration and Special Projects Program. These funds are needed to install a gas detection system at the J-4 and J-5 sites. The total adjusted budget would remain unchanged at $141,535,000 plus carryover.

This project was contemplated in the development of the Five Year Plan with work to begin during the 1991-92 Fiscal Year. However, the levels of hydrogen sulfide gas now being detected in these areas are of sufficient concern that the project should be advanced and completed as soon as possible.
