At its meeting on August 8, 1990, the State Lands Commission authorized the sale of royalty crude oil from several State oil and gas leases, including State Oil and Gas Leases PRC 3033 and PRC 3413, Huntington Beach Field, Orange County.

The State's share of production from these leases is approximately 11,000 barrels per month of 20.7° API gravity crude oil. The present royalty oil sales contract is for a term of 18 months having begun on January 1, 1990 and is scheduled to expire on June 1, 1991. Royalty oil from these leases may be taken in kind or returned to the lessee on 180 days notice.

A Notice Inviting Bids for a new royalty oil sales contract to run from June 1, 1991 to June 1, 1992 was published in the Orange County Register on September 10, 1990 and was sent to all known interested parties.
