1990 HAM PASS TIMBER SALE IN MENDOCINO COUNTY

PARTY:

State Lands Commission  
1807 - 13th Street  
Sacramento, California 95814

In furtherance of the timber management program endorsed at the May 1980 Commission meeting, the staff has prepared a Timber Harvest Plan and will solicit bids for the sale of 2,100,000 board-feet of commercial sawtimber within a 175-acre portion of State school land, seven miles northeast of Covelo, Mendocino County.

AB 884:

N/A.

OTHER PERTINENT INFORMATION:

1. A Timber Harvest Plan was prepared by Commission staff and submitted to the California Department of Forestry and Fire Protection (CDF) for review and approval.
2. The submitted environmental analysis document (Timber Harvest Plan #1-90-629 MEN) was certified for this project by the CDF under its certified program [14 Cal. Code Regs. 15251(a)].
3. Staff has reviewed the document and determined that the conditions, as specified in 14 Cal. Code Regs. 15253(b), have been met for the Commission to use the environmental analysis document certified by CDF as an EIR substitute in order to comply with the requirements of the CEQA.

4. Four Spotted Owls were found on school land scheduled for timber harvest. Fish and Game recommended 15 acres be set aside from harvest, but staff felt it was more appropriate, at this time, to set aside 50 acres. The setting aside of 50 acres reduced the sale volume from 3 million board-feet to 2.1 million board-feet.
5. The estimated value of the timber to be offered for sale is between \$200,000 and \$300,000.

EXHIBITS:

- A. Land Description.
- B. Location Map.
- C. Approved Timber Harvest Plan.
- D. Letter Notifying Local Government of Project.

IT IS RECOMMENDED THAT THE COMMISSION:

1. FIND THAT AN ENVIRONMENTAL ANALYSIS DOCUMENT (TIMBER HARVEST PLAN #1-90-629 MEN) WAS CERTIFIED FOR THIS PROJECT BY THE CALIFORNIA DEPARTMENT OF FORESTRY AND FIRE PROTECTION UNDER ITS CERTIFIED PROGRAM [14 CAL. CODE REGS. 15251(a)], THAT THE STATE LANDS COMMISSION HAS REVIEWED SUCH DOCUMENT AND THAT THE CONDITIONS, AS SPECIFIED IN 14 CAL. CODE REGS. 15253(b) HAVE BEEN MET.
2. DETERMINE THAT THE PROJECT, AS APPROVED, WILL NOT HAVE A SIGNIFICANT EFFECT ON THE ENVIRONMENT.
3. AUTHORIZE STAFF TO ACCEPT BIDS AND ENTER INTO A TIMBER SALE AGREEMENT FOR THE SALE OF SAWTIMBER TO THE HIGHEST BIDDER.

Mr. Wade R. McDonald  
1807 13th St.  
Sacramento, CA 95814

NOTICE OF CONFORMANCE

Dear Mr. McDonald:

Enclosed is a true copy of your Timber Harvesting Plan (THP) identified by the number shown above. The Director of Forestry and Fire Protection finds that the plan conforms with the Rules and Regulations of the Board of Forestry pursuant to the provisions of the ZBerg-Nejedly Forest Practice Act of 1973. Conformance is indicated by the facsimile signature of his duly constituted representative being shown on the attached copy of the plan.

You may begin the timber operations proposed in the plan according to the conditions specified therein, and subject to the Forest Practice Act, Forest Practice Rules of the Forest District in which the operations will take place, related Board of Forestry regulations and other applicable laws, regulations and ordinances.

The Forest Practice Act requires the filing of the two reports listed below for each timber harvesting operation undertaken:

1. Timber Operations Work Completion Report: Within one month after completion of work described in a Timber Harvesting Plan, excluding work for stocking, a report shall be filed by the timber owner or his agent with the Director that all work, except stocking, has been completed.
2. Report of Stocking:
  - a)  Within six months after completion of timber operations covered by this THP, a Report of Stocking shall be filed by the timber owner or his agent with the Director.
  - b) N/A Within five years after completion of timber operations covered by this THP, a Report of Stocking shall be filed by the timber owner or his agent with the Director.
  - c) Stocking obligations do not apply because:
    1. A Timberland Conversion Permit is in effect.
    - N/A The THP is for road right-of-way construction only.
    - N/A The THP is for a one-time, minor conversion.

In future correspondence, please refer to the THP number in the upper right corner of the attached plan.

Sincerely,

WILLIAM T. IMBODEN  
Chief, Region

Date of Director's Decision

OFFICIAL NOTICE OF THE DIRECTOR OF FORESTRY'S DETERMINATION OF CONFORMANCE OF TIMBER HARVESTING PLANS WITH THE RULES OF THE BOARD OF FORESTRY

The Director of Forestry found on the date shown that the Timber Harvesting Plan(s) listed below are in conformance with the rules of the Board of Forestry and and to State laws, and regulations.

Copies of the Timber Harvesting Plan and related documents are available for inspection at: 776 So. State St., Ukiah, CA 95482 (707) 462-0506

This notice is posted in compliance with Sections 1037.1 and 1037.7, Title 14, California Administrative Code.

CALENDAR PAGE 235  
MINUTE PAGE 3635

## NOTICE TO TIMBER AND TIMBERLAND OWNER

### TIMBER AND TIMBERLAND OWNER RESPONSIBILITY

The attached Notice of Conformance designates a Timber Harvesting Plan (THP) has been approved in which you were either named as the timber owner or the timberland owner. A copy of the THP may be obtained from the submitter or the Registered Professional Forester (RPF). I would like to take this opportunity to explain your responsibilities concerning this operation.

1. The Public Resources Code (PRC) defines timber owner as "any person who owns commercial timber, timberland, cutover land or timber rights, including Christmas tree rights, on lands of another except federal agency" (PRC 4527.5).
2. All Forest Practice rules and regulations must be adhered to in the harvest operations.
3. Within one month after completion of the work described in the THP, excluding stocking, a Work Completion Report must be filed with the Department of Forestry and Fire Protection by the timber owner or his agent (PRC 4585).
4. You must restock the operating area with trees to the standards set forth by the Board of Forestry in Title 14, California Administrative Code (CAC), Section 912.7. You may meet the requirements immediately by leaving healthy trees uncut, or within five (5) years if trees must be planted or seeded. Planted trees must be in the ground two growing seasons and alive before they can be counted for stocking. When stocking is met, the timber owner or his agent must submit, to the Department of Forestry and Fire Protection, a Report of Stocking. A copy of the Report of Stocking form can be obtained from the RPF who prepared your plan.
5. Any change in ownership (land or timber) must be reported to the Department, if such a change occurs before the Report of Stocking has been filed (14 CAC 912.7). Although it is not required by the Forest Practice Act, it is your civil liability to notify the new landowner of this Timber Harvesting Plan and the outstanding stocking requirements.
6. A new set of rules became effective 2/1/90. These rules require the timberland owner to maintain erosion control devices for one year and, perhaps, up to three years after approval of a Work Completion Report. CDF will be inspecting for maintenance and determining the time period for required maintenance.
7. Another new set of rules are applicable to this plan if mechanical equipment or fire is to be used to prepare the harvest area for planting. These rules are applicable up to the time a Stocking Report is approved by CDF.

This information is given to you so that you may become more aware of the responsibilities that timber harvesting requires of the timber and timberland owners. If you have further questions, please contact this office or your local California Department of Forestry and Fire Protection office. Please refer to the Timber Harvesting Plan number in future correspondence.

Sincerely,

WILLIAM T. IMBODEN  
Chief, Region I

TOTAL ACREAGE 175

RESOURCE MANAGER

NOTE: Additional sheets may be necessary

12.  Yes  No Is a timberland conversion permit in effect? If yes, list permit number and date of expiration: \_\_\_\_\_
13.  Yes  No Is there a THP on file with CDF for any portion of the plan area for which a report of satisfactory stocking has not been issued by CDF?  
 If yes, identify the THP number: \_\_\_\_\_
14.  Yes  No Is any part of the plan within a special treatment area, Tribal Regional Planning Agency jurisdiction, or a county which has special rules?  
 If yes, identify the special area: \_\_\_\_\_

SILVICULTURE

15. Check the method or treatments which are to be applied, and provide any other information required by the rules in an addendum:
- 1  Clearcutting    2  Shelterwood, preparatory step    3  Shelterwood, seed step  
 4  Shelterwood, removal step    5  Seed tree, seed tree keep    6  Seed tree, seed tree removal step
- 7  Selection - designate basal area stocking standards to be met: SITE II & III: A MINIMUM OF 75 SQUARE FEET; SITE I: A MINIMUM 100 SQUARE FEET
- 8  Commercial thinning - designate basal area stocking standards to be met: \_\_\_\_\_
- 9  Sanitation salvags - when will stocking be met: \_\_\_\_\_
- 10  Special treatment areas    11  rehabilitation of understocked areas  
 12  Alternative prescription    13  Transition method

NOTE: Where the level of stocking is based upon timberland site, timberland sites must be shown on the map.

16. a.  Yes  No Are any exceptions to the standard silvicultural methods or treatments permitted in the rules proposed for this plan? If yes, explain and justify the exception in an addendum.
- b.  Yes  No Will artificial regeneration be required to restock the logged area?
17.  Yes  No Are broadleaf or optional species proposed for management? See item 18.
18.  Yes  No Are broadleaf or optional species to be used to meet stocking standards?

CALENDAR PAGE 238

MINUTE PAGE 3638

If the answer to items 17 or 18 is yes, list the species and provide the information required by the rules:

HARVESTING PRACTICES AND EROSION CONTROL

19. Indicate type of yarding systems to be used this plan:

- 1  Tractor, skidder, forwarder    2  Balloon, helicopter    3  Cable, ground-lead  
4  Cable, high-lead    5  Cable, skyline    6  Aerial    7  Other

20.  Yes  No Will tractor constructed layouts be used?  
21.  Yes  No Will tractors be used for directional tree pulling?

Check items 22 through 25 that apply to the use of tractors.

22.  Yes  No Operations on unstable soils or slide areas?  
23.  Yes  No Operations on slopes over 65%  
24.  Yes  No Operations on slopes over 50% with high or extreme EHR?  
25.  Yes  No Operations within cable yarding areas?

If any of items 22 through 25 are answered yes, explain and justify as required by the rules:

22. TREES WILL BE END LINED OUT OF SLIDE IN SECTION 4. HEAVY EQUIPMENT WILL BE EXCLUDED FROM AREA OF SLIDE. (See Addendum for Geological Report)

26. Indicate erosion hazard ratings present on this THP:  
 Low     Moderate     High     Extreme

27. Describe soil stabilization measures to be implemented or any additional erosion control measures proposed in this THP where required by the rules:

ON SLOPES OF 0-10% ALL SKID TRAILS WILL BE WATERBARED AT A MAXIMUM OF EVERY 200 FEET. ON SLOPES OF 11-25% WATERBARS WILL BE SPACED AT A MAXIMUM DISTANCE OF 150 FEET. ON SLOPES OF 26-50% WATERBARS WILL BE SPACED AT A MAXIMUM DISTANCE OF 100 FEET. ON SLOPES OVER 50% WATERBARS WILL BE SPACED AT A MAXIMUM DISTANCE OF 75 FEET. ALL ROADS ON PLAN AREA, EXCEPT U.S.F.S. ROAD 24N21.1, WILL HAVE WATERBARS OR ROLLING DIPS INSTALLED UPON COMPLETION OF LOGGING OPERATIONS. IN SECTION 4 SKID TRAILS WILL BE CONSTRUCTED WITH AS LITTLE CUT AND FILL AS POSSIBLE. SKID TRAILS WILL BE LAID-OUT WHERE LITTLE OR NO BLADEWORK IS NECESSARY. LANDINGS WILL BE BUILT WITH AS LITTLE EXCAVATION AS POSSIBLE. SKID TRAILS WILL NOT CROSS SLIDE. ALL TREES WILL BE ENDLINED OUT OF SLIDE.

Received CDF  
REGION I

SEP 14 1990

RESOURCE MANAGEMENT

CALENDAR PAGE	239
MINUTE PAGE	3639

28.  Yes  No Are any alternative practices or exceptions to the standard harvesting or erosion control practices permitted in the rules proposed for this plan? If yes, explain and justify:

29.  Yes  No Are timber operations proposed for the winter period? If yes provide a winter period plan in an addendum or specify compliance with 24 CAC 914.7(c) or 934.7(c) or 954.7(c). No winter period plan is needed for cable, helicopter, or balloon yarding.

#### ROADS AND LANDINGS

30.  Yes  No Will any roads or landings be constructed or reconstructed? If yes, check items 31 through 37 that apply:
31.  Yes  No Will new roads be wider than single lane with turnouts?
32.  Yes  No Will any landings exceed the maximum size specified in the rules?
33.  Yes  No Are logging roads or landings proposed in areas of unstable soils or known slide-prone areas?
34.  Yes  No Will new roads exceed a grade of 15% or pitches of 20% for distance greater than 500 feet?
35.  Yes  No Are roads to be constructed, other than crossings, within the watercourse and lake protection zone of a class I or II watercourse?
36.  Yes  No Will roads or landings longer than 100 feet in length be located on slopes over 65%, or on slopes over 50% which are within 100 feet of the boundary of a watercourse or lake protection zone?
37.  Yes  No Are exemptions proposed for flagging or otherwise identifying the location of roads to be constructed?
38. If any of items 31 through 37 are answered yes, explain, justify, and give site-specific measures to reduce adverse impacts or, if there is any additional or special information concerning the construction and/or maintenance of roads or landings, if required by the rules. Provide necessary information in an addendum.

#### WATERCOURSE AND LAKES

39.  Yes  No Are there any watercourses or lakes which contain class I through IV waters on or adjacent to the plan area? If yes, complete items 40 through 50.
40.  Yes  No Are any in-lieu practices and/or alternative practices proposed for watercourse or lake protection? If yes, explain and justify:

Are any exceptions proposed for the following watercourse and lake protection zone practices? Check items 41 through 48 that apply:

41.  Yes  No Exclusion of the use of watercourses, marshes, wet meadows, and other wet areas, for landings, roads, or tractor roads?
42.  Yes  No Retention of non-commercial vegetation bordering and covering meadows and wet areas?

CALENDAR PAGE	240

Received CDF  
REGION I

SEP 14 1990

RESOURCE MANAGEMENT

- 43.  Yes  No Directional felling of trees within the zone away from the watercourse or lake?
- 44.  Yes  No Increase or decrease of width(s) of the zone(s)?
- 45.  Yes  No Protection of watercourses which conduct class IV waters?
- 46.  Yes  No Exclusion of heavy equipment from the zone?
- 47.  Yes  No Retention of 50% of the overstory canopy in the zone?
- 48.  Yes  No Retention of 50% of the understory in the zone?

If any of items 41 through 48 are answered yes, explain and justify if required by the rules and provide necessary information in an addendum.

- 49.  Yes  No Are residual trees or harvest trees going to be marked within the watercourse or lake protection zone? If no, explain:  

---

---

50. In an addendum describe the protective measures and zone widths for the watercourse and lake protection zones that are in the plan area.

WILDLIFE

- 51.  Yes  No Are any known rare or endangered species or species of special concern, including key habitat, associated with the THP area? If yes, in an addendum identify the species and the provisions to be taken for protection of the species.
- 52.  Yes  No Are there any snags which must be felled for fire protection or other reasons? If yes, describe which snags are going to be felled:

ALL SNAGS WITHIN 300 FEET OF MAIN RIDGE TOPS, WITHIN 100 FEET OF ROAD AND LOG LANDINGS.

- 53.  Yes  No Are any other provisions for wildlife protection required by the rules? If yes, describe provisions:  

---

---

CULTURAL RESOURCES

- 54a.  Yes  No Has an archaeological survey been made of the areas to be harvested?
- b.  Yes  No Have the California Archaeological Inventory records been checked for any recorded archaeological or historical sites located in the area to be harvested?
- 55.  Yes  No Are there any archaeological or historical sites located in the area to be harvested? If yes, describe in an addendum how the sites are to be protected.

Received CDF

MERRVIN LEE, 3662 JACOBY CRK RD, BAYSIDE, CA. 93324

PESTS

60.  Yes  No    Are there any adverse insect, disease, or pest problems of significance in the plan area? If yes, describe the mitigation measures, if any, to improve the health and productivity of the stand in an addendum.

OTHER INFORMATION

61. Are there any other existing or planned land use activities including but not limited to other THPs in the area of the proposed THP which may combine with the effects of your timber harvesting operation to cause significant adverse cumulative environmental effects?  Yes  No    If yes, please describe the other land use(s) and the likely effect as well as any mitigation which would reduce the negative effect in an addendum.

ATTACHMENTS

62. Check if the attachments listed are included with the plan:
- 1  Notice of Stream Bed Alteration to Department of Fish and Game (A copy of this notice is attached to the instructions for your use.)
  - 2  Estimated Surface Soil Erosion Hazard Calculations
  - 3  Notice of intent to Harvest Timber and a list of names and addresses of adjacent property owners
  - 4  Maps
  - 5  Addendum for silviculture information
  - 6  Written notice of plan to the timber operator, timberland owner, or timber owner that did not sign the THP

REGISTERED PROFESSIONAL FORESTER

63. I have the following authority, responsibilities, and limitation for preparation or administration of the THP and timber operation:

I HAVE THE RESPONSIBILITY FOR PREPARING THE TIMBER HARVEST PLAN AND ADMINISTERING THE TIMBERSALE CONTRACT FOR THE STATE LANDS COMMISSION. THE LICENSED TIMBER OPERATOR WILL BE RESPONSIBLE FOR ASSURING HIS OPERATIONS ARE IN COMPLIANCE WITH THE FOREST PRACTICE ACT.

TIMBER HARVESTING PLAN OR AMENDMENT NUMBER 1-90- ME

NOTICE OF INTENT TO HARVEST TIMBER

A Timber Harvesting Plan or an amendment to an existing plan that may be of interest you has been submitted to the California Department of Forestry for a determination to whether the timber operation described in the plan or amendment complies with State laws and rules. The following briefly describes the timber operation, where and how obtain more details of the operation, and to whom and by when documents concerning the timber operation should be submitted. Questions about the plan or amendment or the California Forest Practice Act should be made to the following office(s):

- |   |   |
|---|---|
| <input checked="" type="checkbox"/> California Department of Forestry<br>135 Ridgeway Avenue<br>P. O. Box 670<br>Santa Rosa, California 95402<br>(707) 576-2275 | <input type="checkbox"/> California Department of Forestry<br>6105 Airport Road<br>Redding, California 96002<br>(916) 225-2445      |

A copy of the plan may be obtained ~~from~~ from the Department of Forestry. The following is a summary of the information contained in the plan or amendment:  
PLEASE REFERENCE THE THP NUMBER LISTED.

1. Plan Submitter: CALIFORNIA STATE LANDS COMMISSION
2. Timberland Owner: CALIFORNIA STATE LANDS COMMISSION
3. Location of the plan area (county, section, township and range, and approximate direction and distance to the plan area from the nearest community or well-known landmark):  
MENDOCINO COUNTY, SECTIONS 4 & 9, T 23N, R 11W, MDN. PLAN AREA: FROM HAM PASS SOUTH 2 MILES
4. Name of nearest perennial stream flowing through or downstream from plan area:  
SECTION 4: WILLIAMS CREEK, SECTION 9: EEL RIVER
5. Acres on plan: 175
6. Proposed harvesting method or treatment: SHELTERWOOD REMOVAL STEP AND SELECTION YARDING SYSTEM: TRACTOR.
7. The earliest estimated date for the Director's determination on the plan is October 3, 1990 (this is 19 days from the date of receipt of the plan by the Department). Check with the Department for the filing date, dates of Review Team Meetings, the end of comment period and the decision date.
