GENERAL PERMIT - PUBLIC AGENCY USE

APPLICANT:

City of Stockton
Public Works Department
425 N. El Dorado Street, Rm. 317
Stockton, California 95202-1197

AREA, TYPE LAND AND LOCATION:

Six parcels of sovereign land totalling 1.7 acres, located in Twelve-Mile Slough, Ten-Mile Slough, Five-Mile Slough, Mosher Slough, San Joaquin River, and the Stockton Deep Water Channel in the City of Stockton, San Joaquin County.

LAND USE:

The installation, use, and maintenance of sewer lines.

TERMS OF PROPOSED PERMIT:

Initial period:
Thirty (30) years beginning April 1, 1992.

Special:

1. Pipeline integrity monitoring: Lessee shall perform periodic pipeline integrity testing for all force mains permitted by this lease. Both internal and external inspections should be performed if feasible. Internal inspections should be by magnetic or ultrasonic tool if mechanically possible, or by hydrotest, if not. (A schedule for the pipeline integrity testing is being formulated with the Applicant.)

CALENDAR PAGE 204
MINUTE PAGE 1503

CALENDAR ITEM NO. 51 (CONT'D)

Lessee shall conduct tests annually on all cathodically protected pipelines to assure an adequate level of protection.

The results of all tests and recommendations resulting therefrom shall be submitted promptly to the State Lands Commission.

2. Spill contingency plan: Lessee shall submit, for staff approval, a spill contingency plan for operation of the pipeline as it affects State waters. The plan should address means of detecting and responding to spills. Yearly updates of the plan should also be submitted for approval.

3. Incident notification: Lessee shall report all incidents affecting the integrity of the pipeline on State lands directly to the State Lands Long Beach office at (310) 590-5201. This is a 24-hour number.

4. Pipeline modifications: All nonemergency repairs or modifications to the pipeline shall require preapproval by staff. Changes to either the physical design or the operating parameters of the pipeline are included in this requirement.

5. Review time requirements: All plans for pipeline construction, modification, or nonemergency repair shall be submitted a minimum of 90 days prior to project startup.

CONSIDERATION:

The public use and benefit, with the State reserving the right at any time to set a monetary rental if the Commission finds such action to be in the State's best interest.

BASIS FOR CONSIDERATION:

Pursuant to 2 Cal. Code Regs. 2003.

CALENDAR ITEM NO. **51** (CONT'D)

The proposed Westside Sewer Interceptor Improvements will cross six parcels which involve State sovereign interests. This project is necessary not only to alleviate the capacity constraints on the existing sewer system but to accomodate the residential growth occuring in this area of the City of Stockton.

4. The City's Negative Declaration prepared for the Westside Sewer Interceptor Improvements (Phase I) Project identified several environmental imapcts which would require the implementation of specified mitigation measures. Environmental impacts which would affect lands under the jurisdiction of the State Lands Commission include soil erosion, disturbance to vegetation and wildlife, turbidity, hydrology, and waterway traffic.

The City of Stockton, Public Works and Community Development departments, will be the agency with primary responsibility for monitoring the mitigation for these impacts. Other agencies identified as having some measure of responsibility for monitoring the above-mentioned environmental impacts include the California Department of Fish and Game, the United States Army Corps of Engineers, Reclamation District No. 2119, and the San Joaquin County Flood Control District.

APPROVALS OBTAINED:

United States Army Corps of Engineers, Department of Fish and Game, and State Board of Reclamation.

EXHIBITS:

- A. Land Description
- B. Location Map
- C. Notice of Determination

IT IS RECOMMENDED THAT THE COMMISSION:

1. FIND THAT A NEGATIVE DECLARATION, SCH 90021088, WAS PREPARED AND ADOPTED FOR THIS PROJECT BY THE CITY OF STOCKTON AND THAT THE COMMISSION HAS REVIEWED AND CONSIDERED THE INFORMATION CONTAINED THEREIN.

CALENDAR ITEM NO. 51 (CONT'D)

APPLICANT STATUS:

Applicant is negotiating with upland owners for easement rights and has the power of eminent domain should negotiations fail.

PREREQUISITE CONDITIONS, FEES AND EXPENSES:

Filing fee and processing costs have been received.

STATUTORY AND OTHER REFERENCES:

A. P.R.C.: Div. 6, Parts 1 and 2; Div. 13.

B. Cal. Code Regs.: Title 3, Div. 3; Title 14, Div. 6.

AB 884:

08/12/92

OTHER PERTINENT INFORMATION:

1. A Negative Declaration, SCH 90021088, was prepared and adopted for this project by the City of Stockton. The State Lands Commission's staff has reviewed the information therein.
2. This activity involves lands identified as possessing significant environmental values pursuant to P.R.C. 6370, et seq. Based upon the staff's consultation with the persons nominating such lands and through the CEQA review process, it is the staff's opinion that the project, as proposed, is consistent with its use classification.
3. The City of Stockton's 1987 Sanitary Sewer and Treatment Facilities Master Plan for the Stockton area identified the existing collection system in the north Stockton area as having severe capacity constraints. The Master Plan recommended the construction of two new collection systems to serve the area north of the Calaveras River. A subsequent study recommended the construction of portions of the two proposed collection systems (the Westside Sewer Interceptor Improvements) as an interim measure.

PAGE	307
DATE	1503

CALENDAR ITEM NO. 51 (CONT'D)

2. FIND THAT THIS ACTIVITY IS CONSISTENT WITH THE USE CLASSIFICATION DESIGNATED FOR THE LAND PURSUANT TO P.R.C. 6370, ET SEQ.
3. AUTHORIZE ISSUANCE TO THE CITY OF STOCKTON OF A THIRTY-YEAR GENERAL PERMIT - PUBLIC AGENCY USE, WITH SPECIAL CONDITIONS, BEGINNING APRIL 1, 1992; IN CONSIDERATION OF THE PUBLIC USE AND BENEFIT, WITH THE STATE RESERVING THE RIGHT AT ANY TIME TO SET A MONETARY RENTAL IF THE COMMISSION FINDS SUCH ACTION TO BE IN THE STATE'S BEST INTEREST; FOR THE INSTALLATION, MAINTENANCE AND USE OF BURIED SEWER LINES ON THE LAND DESCRIBED ON EXHIBIT "A" ATTACHED AND BY REFERENCE MADE A PART HEREOF.

Contact Person: Assoc. Planner Mike Niblock
Phone: (209) 944-8266SUBJECT: Filing of Notice of Determination in Compliance with Section 21152 of the
Public Resources CodeProject Title: Westside Sewer Interceptor Improvements (Phase I) Project
Initial Study File No.: IS49-90 (or) EIR File No.: EIR
State Clearinghouse No.: SCH# 90021088 (If submitted to Clearinghouse)
Discretionary Application(s) File No.(s): Public Works Dept. File
Project Applicant: City of Stockton c/o Public Works Department
Project Description/Location: Proposed approval of the design and subsequent imple-
mentation of the Westside Sewer Interceptor Improvements (Phase I) Project, including
construction of sewer lines and pumping plants, on the west side of I-5 Freeway, from
the City's sewer treatment facility on Navy Drive to the vicinity of Hammer Lane.Determinations: This is to advise that the City of Stockton approved the above
described project on January 7, 1991 and has made the following determinations
regarding the project:

1. The Project will, will not have a significant effect on the environment.
2. An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA.
 A Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures were, were not incorporated as part of the approval of the project.
4. A Statement of Overriding Considerations was, was not adopted for this project.
5. Findings were, were not made pursuant to the provisions of CEQA.

This is to certify that the Negative Declaration or Final EIR and any adopted mitigation measures, findings, statements of overriding consideration, and record of project approval may be examined at the above noted Lead Agency address.
