The project is exempt under Class 3, New Construction of Small Structures; Title 2, California Code of Regulations, section 2905 (c)(1).

2. This activity involves lands identified as possessing significant environmental values pursuant to Public Resources Code sections 6370, et seq. Based upon the staff's consultation with the persons nominating such lands and through the CEQA review process, it is the staff's opinion that the project, as proposed, is consistent with its use classification.
3. At its September 23, 1992, meeting, the Commission issued to the Lessees a ten year General Permit - Recreational Use beginning September 24, 1992, for one floating covered recreational dock and gangway anchored by four pilings. The Lessee's upland residence had not been completed at that time. The annual rental for the facilities was \$470 per year. The Lessees recently contacted staff and advised that the residence was completed in 1993; therefore, they have applied for a rent-free Recreational Pier Lease, effective April 14, 1993, which is the date the Building Inspector of Sutter County signed the Inspection Report for the completed residence. Staff is, therefore, issuing a new Recreational Pier Lease effective April 14, 1993.
