**OTHER PERTINENT INFORMATION:**

1. On June 30, 1988, the Commission issued a twenty year General Lease - Right of Way Use, for a 35 kV transmission line crossing the Smith and Klamath Rivers, to Smith River Power, effective July 1, 1988. The State's lessee paid an annual rent of \$936 to the State through June 30, 1992.

CALENDAR ITEM NO. C31 (CONT'D)

In 1995 staff contacted a representative of Smith River Power to discuss the payment of back rent. Staff was informed, at that time, that the transmission line had not been installed. Staff requested a letter from the lessee stating such; however, a letter was not received.

Staff contacted the Del Norte County Planning Department and was informed that the County never issued the final use permit. In addition, the proposed transmission line would cross lands belonging to the State Department of Transportation and Miwok Indian tribal lands. County staff indicated that Smith River Power had not been able to work out agreements with those entities.

On March 31, 1999, staff attempted to contact the lessee by telephone but was unsuccessful.

On June 15, 1999, staff, by letter, requested lessee sign and return a quitclaim deed releasing all right, title and interest in the leasehold back to the State of California. The quitclaim deed was not returned.

On September 30, 1999, lessee was sent a certified letter requesting lessee to sign and return the quitclaim deed within 15 days or the lease would be terminated for failure to comply with the insurance and bonding provisions as defined in the lease. To date, the applicant has not responded.

2. Pursuant to the Commission's delegation of authority and the State CEQA Guidelines (Title 14, California Code of Regulations, section 15061), the staff has determined that this activity is exempt from the requirements of the CEQA as a categorically exempt project. The project is exempt under Class 21, Enforcement Actions by Regulatory Agencies; Title 14, California Code of Regulations, section 15321(a)(2).

Authority: Public Resources Code section 21084 and Title 14, California Code of Regulations, section 15300.
