RESCIND PRIOR AUTHORIZATION FOR GENERAL LEASE - PROTECTIVE STRUCTURE USE AND AUTHORIZE A GENERAL LEASE - RECREATIONAL AND PROTECTIVE STRUCTURE USE

APPLICANT:

Sharon L. DeAlmeida
16711 Carousel Lane
Huntington Beach, California 92649

AREA, LAND TYPE, AND LOCATION:

State owned submerged lands in Huntington Harbour, Huntington Beach, Orange County.

AUTHORIZED USE:

Use and maintenance of an existing boat dock; and repair of an existing bulkhead that may include all or some of the following: (1) existing pile repair; (2) placement of sheet piles; and (3) installation of rock slope protection.

LEASE TERM:

Ten years, beginning June 1, 2001.

CONSIDERATION:

As to the dock: No monetary consideration pursuant to Public Resources Code section 6503.5.

As to the bulkhead: The public health and safety; with the State reserving the right at any time to set a monetary rent if the Commission finds such action to be in the State's best interest.

SPECIFIC LEASE PROVISIONS:

Insurance:

General liability insurance with coverage of no less than \$1,000,000.

CALENDAR PAGE	0000253
MINUTE PAGE	0001605

CALENDAR ITEM NO. C42 (CONT'D)

OTHER PERTINENT INFORMATION:

1. Applicant owns the uplands adjoining the lease premises.
2. At its meeting on November 27, 2000, pursuant to Minute Item 34, the Commission authorized a General Lease - Protective Structure Use to Gerson L. DeAlmeida and Sharon L. DeAlmeida for repairs to an existing bulkhead adjacent to their residence at 16711 Carousel Lane in Huntington Beach. The lease document was never executed. Staff was subsequently advised that the residence is now solely owned by the Applicant. Sharon L. DeAlmeida is now applying for a new General Lease - Recreational and Protective Structure Use. Staff is recommending that the Commission rescind its prior authorization to Gerson L. DeAlmeida and Sharon L. DeAlmeida and authorize a new General Lease - Recreational and Protective Structure Use to the Applicant that covers the bulkhead repairs and the existing boat dock.
3. With regard to the boat dock, applicant qualifies for rent-free status because the Applicant is a natural person who has improved the littoral land with, and uses the upland for, a single-family dwelling.
4. As to the dock, pursuant to the Commission's delegation of authority and the State CEQA Guidelines (Title 14, California Code of Regulations, section 15061), the staff has determined that this activity is exempt from the requirements of the CEQA as a categorically exempt project. The project is exempt under Class 3, New Construction of Small Structures; Title 2, California Code of Regulations, section 2905(c)(1).

Authority: Public Resources Code section 21084 and Title 14, California Code of Regulations, section 15300 and Title 2, California Code of Regulations, section 2905.
5. As to the bulkhead, a Mitigated Negative Declaration and mitigation measures were prepared and adopted for this project by the city of Huntington Beach. The Commission's staff has reviewed such documents.
6. This activity involves lands identified as possessing significant environmental values pursuant to Public Resources Code sections 6370, et seq. Based upon the staff's consultation with the persons nominating

CALENDAR ITEM NO. C42 (CONT'D)

such lands and through the CEQA review process, it is the staff's opinion that the project, as proposed, is consistent with its use classification.

PERMIT STREAMLINING ACT DEADLINE:

N/A

RECOMMENDED ACTION:

IT IS RECOMMENDED THAT THE COMMISSION:

CEQA FINDING:

AS TO THE BOAT DOCK, FIND THAT THE ACTIVITY IS EXEMPT FROM THE REQUIREMENTS OF THE CEQA PURSUANT TO TITLE 14, CALIFORNIA CODE OF REGULATIONS, SECTION 15061 AS A CATEGORICALLY EXEMPT PROJECT, CLASS 3, NEW CONSTRUCTION OF SMALL STRUCTURES; TITLE 2, CALIFORNIA CODE OF REGULATIONS, SECTION 2905 (c)(1).

AS TO THE BULKHEAD, FIND THAT A MITIGATED NEGATIVE DECLARATION AND MITIGATION MEASURES WERE PREPARED AND ADOPTED FOR THIS PROJECT BY THE CITY OF HUNTINGTON BEACH AND THAT THE COMMISSION HAS REVIEWED AND CONSIDERED THE INFORMATION CONTAINED THEREIN.

ADOPT THE MITIGATION MEASURES AS CONTAINED IN THE SEPTEMBER 14, 2000, NOTICE OF ACTION PREPARED BY THE CITY OF HUNTINGTON BEACH, A COPY OF WHICH IS ON FILE IN THE SACRAMENTO OFFICE OF THE COMMISSION.

SIGNIFICANT LANDS INVENTORY FINDING:

FIND THAT THIS ACTIVITY IS CONSISTENT WITH THE USE CLASSIFICATION DESIGNATED BY THE COMMISSION FOR THE LAND PURSUANT TO PUBLIC RESOURCES CODE SECTIONS 6370, ET SEQ.

CALENDAR ITEM NO. C42 (CONT'D)

AUTHORIZATION:

RESCIND ITS PRIOR AUTHORIZATION OF NOVEMBER 27, 2000, PURSUANT TO MINUTE ITEM 34 OF A LEASE TO GERSON L. DEALMEIDA AND SHARON L. DEALMEIDA. AUTHORIZE ISSUANCE TO SHARON L. DEALMEIDA OF A GENERAL LEASE - RECREATIONAL AND PROTECTIVE STRUCTURE USE, BEGINNING JUNE 1, 2001, FOR A TERM OF TEN YEARS, FOR USE AND MAINTENANCE OF AN EXISTING BOAT DOCK AS SHOWN ON EXHIBIT A-1; AND REPAIR OF AN EXISTING BULKHEAD, THAT MAY INCLUDE ALL OR SOME OF THE FOLLOWING: (1) EXISTING PILE REPAIR; (2) PLACEMENT OF SHEET PILES; AND (3) INSTALLATION OF ROCK SLOPE PROTECTION AS SHOWN ON EXHIBIT A-2 ATTACHED AND BY THIS REFERENCE MADE A PART HEREOF; AS TO THE DOCK, NO MONETARY CONSIDERATION PURSUANT TO PUBLIC RESOURCES CODE SECTION 6503.5; AS TO THE BULKHEAD, THE CONSIDERATION IS THE PUBLIC HEALTH AND SAFETY, WITH THE STATE RESERVING THE RIGHT AT ANY TIME TO SET A MONETARY RENT IF THE COMMISSION FINDS SUCH ACTION TO BE IN THE STATE'S BEST INTEREST; GENERAL LIABILITY INSURANCE WITH COVERAGE NO LESS THAN \$1,000,000.

Project Title: Negative Declaration No. 00-05 (Humboldt & Trinidad Island Seawall Repairs
State Clearinghouse #: 2000081028 Contact Person: Mary Beth Broeren Phone: (714) 536-5271

Project Location: 104 properties on Humboldt and Trinidad Islands, Huntington Harbor

Project Description: The project would repair the bulkhead on 40 properties on Humboldt Island and 64 properties on Trinidad Island. The project is designed to restore the foundation of the bulkhead and provide toe protection to inhibit any future scouring or erosion. In general, the repairs would be made in three phases: pile and repair, replacement of sheet piles, and installation of slope protection, although not all three phases apply to all properties. The first two phases will be completed by divers. The final phase will require use of barges and a crane. The project proposes mitigation for potential impacts to eel grass and soft bottom habitat. The project is expected to take a year to complete.

This is to advise that the City of Huntington Beach Zoning Administrator has approved the above described project and has made the following determinations regarding the above described project:

1. The project will, will not, have a significant effect on the environment.
2. An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA.
 A Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation Measures were, were not, made a condition of approval of the project.
4. A statement of Overriding Considerations was, was not, adopted for this project.

This is to certify that the final Environmental Impact Report, Negative Declaration, with comments and responses and record of the project approval is available to the General Public at:

City of Huntington Beach Department of Planning

NOTICE OF ACTION

September 14, 2000

PETITION DOCUMENT: NEGATIVE DECLARATION NO. 00-05 (HUMBOLDT/TRINIDAD ISLANDS)

APPLICANT: Fernando Pages, Tetra Tech, Inc., 670 North Rosemead Boulevard, Pasadena, CA 91107

PROPERTY OWNER: 104 property owners on Humboldt and Trinidad Islands, Huntington Harbor

REQUEST: The project would repair the bulkhead on 40 properties on Humboldt Island and 64 properties on Trinidad Island. The project is designed to restore the foundation of the bulkhead and provide toe protection to inhibit any future scouring or erosion. In general, the repairs would be made in three phases: pile and repair, replacement of sheet piles, and installation of slope protection, although not all three phases apply to all properties. The first two phases will be completed by divers. The final phase will require use of barges and a crane. The project proposes mitigation for potential impacts to eelgrass and soft bottom habitat. The project is expected to take a year to complete.

LOCATION: Humboldt and Trinidad Islands, Huntington Harbor (northwest Huntington Beach)

PROJECT PLANNER: Mary Beth Broeren

Dear Applicant:

Your application was acted upon by the Zoning Administrator of the City of Huntington Beach on September 13, 2000, and your request was Approved with Mitigation. Included in this letter are the Mitigation Measures for this application.

Under the provisions of the Huntington Beach Zoning and Subdivision Ordinance, the action taken by the Zoning Administrator is final unless an appeal is filed to the Planning Commission by you or by an interested party. Said appeal must be in writing and must set forth in detail the action and grounds by which the applicant or interested party deems himself aggrieved. Said appeal must be accompanied by a filing fee of Two Hundred Dollars (\$200.00) if the appeal is filed by a single family dwelling property owner appealing the decision on his own property and Six Hundred Ninety Dollars (\$690.00) if the appeal

0000260

0001612

is filed by any other party. The appeal shall be submitted to the Secretary of the Planning Commission within ten (10) calendar days of the date of the Zoning Administrator's action.

The last day for filing an appeal and paying the filing fee for the above noted application is September 25, 2000.

Provisions of the Huntington Beach Zoning and Subdivision Ordinance are such that any application becomes null and void one (1) year after the final approval, unless actual construction has begun.

SUGGESTED FINDINGS FOR APPROVAL - NEGATIVE DECLARATION NO. 00-05

1. The Negative Declaration No. 00-05 has been prepared in compliance with Article 6 of the California Environmental Quality Act (CEQA) Guidelines. It was advertised and available for a public comment period of thirty (30) days. Comments received during the comment period were considered by the Zoning Administrator prior to action on the Negative Declaration.
2. Mitigation measures avoid or reduce the project's effects to a point where clearly no significant effect on the environment will occur. Mitigation measures address water quality, the loss of eel grass and soft bottom habitat and noise. Mitigation measures were generally designed to minimize impacts to homes in the vicinity and the habitat of the Harbor.
3. There is no substantial evidence in light of the whole record before the Zoning Administrator that the project, as mitigated, will have a significant effect on the environment. The purpose of the project is to repair seawalls, which reduces flood hazard for the area. Potential impacts resulting from construction of the project are temporary and intermittent or can be adequately mitigated. Mitigation plans have been developed in concert with various regulatory agencies including the Department of Fish and Game and U.S. Army Corps of Engineers.

MITIGATION MEASURES FOR ENVIRONMENTAL ASSESSMENT NO. 00-05

1. During all phases of the project, Best Management Practices (BMPs) will be used to prevent and control turbidity. BMPs may include the installation of a silt curtain.
2. If turbidity is observed at a distance of 100-ft. or greater from the actual work site, either the work will be stopped until the water returns to normal or, if deemed necessary, a silt curtain will be installed until turbidity returns to normal.
3. A soft bottom mitigation plan has been prepared which consists of improving a 3,410 sq. ft. wetland area in the Bolsa Chica Ecological Reserve in Huntington Beach, California by removing debris, regrading, and repairing the tidal inlet conduit. This plan will be implemented by the project proponents concurrently with the bulkhead repairs.

SEARCHED 000026
INDEXED 0001613

4. An eelgrass mitigation transplant was completed in June 2000. Tetra Tech, Inc. transplanted 3,600 sq. ft. of eelgrass as mitigation for the bulkhead repair project. This was completed in conjunction with the County of Orange mitigation project for the Sunset Harbor Maintenance Dredging project, pursuant to the County of Orange Eelgrass Mitigation Plan that has been approved by the appropriate agencies. The Plan and transplant are consistent with the Southern California Eelgrass Mitigation Policy. In addition to the initial transplant, the Policy requires conducting mitigation monitoring surveys to evaluate the level of transplant success and conducting additional transplants if the primary transplant does not meet project success criteria.
5. An anchor management plan will be prepared and implemented to avoid damage to eelgrass that would not otherwise be impacted.
6. All work will be performed on weekdays (Monday to Friday) and hours of operation will be 7:00 a.m. to 3:30 p.m. and in accordance with City of Huntington Beach Municipal Code Section 8.40. No work will be performed on Saturdays, Sundays or federal holidays.

Please be advised that the Zoning Administrator reviews the conceptual plan as a basic request for entitlement of the use applied for in relation to the vicinity in which it is proposed. The conceptual plan should not be construed as a precise plan reflecting conformance to all Code requirements.

I hereby certify that Negative Declaration No. 00-05 was Conditionally Approved by the Zoning Administrator of the City of Huntington Beach, California, on September 13, 2000, upon the foregoing conditions and citations.

Very truly yours,

Mike Strange, Acting
Zoning Administrator
