**CONSIDER APPROVAL OF AN ASSIGNMENT OF INTEREST
IN OIL AND GAS LEASE NO. PRC 714.1
SACRAMENTO COUNTY**

ASSIGNOR:

EOG Resources, Inc.
Attn.: Mr. J. Michael Schween
600 17th Street, Suite 1100N
Denver, CO 80202

ASSIGNEE:

Towne Exploration Company
Attn.: Mr. E. B. Towne, Jr.
582 Market Street, Suite 515
San Francisco, CA 94104

AREA, LAND TYPE, AND LOCATION:

Gas Lease No. PRC 714.1 contains approximately 350 acres of tide and submerged lands in the bed of Georgiana Slough and the North Fork of the Mokelumne River, Sacramento County.

BACKGROUND:

Oil and Gas Lease No. PRC 714.1 was issued to Brazos Oil and Gas Company on April 18, 1952. Through a series of assignments, corporate mergers and name changes, the present lessee is EOG Resources, Inc. (EOGR). On August 26, 1997, the Commission consented to the pooling of a 13.041 acre portion of the lands covered by PRC 714.1 into the "Furth 1-15 Unit" as promulgated under that certain Declaration of Pooling, dated July 1, 1997 (as shown on Exhibit B-1, attached hereto). On December 9, 1998, the Commission consented to the pooling of a 14.1 acre portion of the lands covered by PRC 714.1 into the "Mello 1-10 Unit" as promulgated under that certain Declaration of Pooling, dated July

CALENDAR ITEM NO. **C74** (CONT'D)

1,1998 (as shown on Exhibit B-2, attached hereto). Both of the units were formed for the development and production of natural gas. With the approval of the Commission, secured on April 24, 2001, EOGR assigned its 100 percent (100%) interest in PRC 714.1, insofar and only insofar as such interest covered that portion of the leased lands included within the Furth 1-15 and the Mello 1-10 units, to Oxy Resources California, LLC (Oxy). As the result of the foregoing assignment, EOGR's interest in PRC 714.1 was reduced to the 322.8 acres, more or less, comprised of that portion of the leased lands not included in the assignment to Oxy. EOGR now seeks the approval of the Commission to an assignment of all of its remaining interest in PRC 714.1 to Towne Exploration Company. All wells drilled under the lease are currently idle. Towne Exploration Company intends to restore the lease to production.
