Oil and Gas Lease No. PRC 6078.1 contains 80 acres of tide and submerged lands in the vicinity of the Sacramento River, Sutter and Yolo Counties, California.

**BACKGROUND:**

Negotiated subsurface (no surface use) Oil and Gas Lease No. PRC 6078.1 (Lease) was issued to Hilliard Oil and Gas on October 30, 1981, and contains 80 acres of tide and submerged lands in the bed and vicinity of the Sacramento River in Sutter and Yolo Counties, California (leased lands). Through a series of assignments, the present lessee is Gaines Well Service, Inc. Under the terms of the Lease, the lessee is required to pay an annual rental of \$10.00 per acre (\$800.00 for 80 acres). The "Edson No. 2" well was drilled through the leased lands in 1982 and was productive. This well last produced in March 1997. The California Division of Oil, Gas and Geothermal Resources witnessed and approved the abandonment of the well on July 12, 2001.

Public Resources Code section 6804.1 and Lease Paragraph 7 permits the lessee to make at any time a written quitclaim of all rights under the lease or of

any portion of the leased lands comprising a ten-acre parcel or multiple thereof in a compact form. The quitclaim is effective when filed with the State, and acceptance by the Commission subject to the continued obligation of the lessee and its surety to pay all accrued rentals, royalties and to abandon all wells drilled on the leased lands.

On August 27, 2001, the Commission's Long Beach office staff received the document "(Full) Quitclaim Deed for State Oil and Gas Lease." This document was dated August 20, 2001, and quitclaims back to the State all of the lessee's right, title and interest in the leased lands described in Exhibit A, attached hereto, of Oil and Gas Lease No. PRC 6078.1, dated October 30, 1981.

A review of the Commission's files reveals that no default exists on the Lease, that the lessee has complied with all applicable laws and Lease provisions and has paid all rentals and royalties.
