AREA, LAND TYPE, AND LOCATION:

Oil and Gas Lease No. PRC 8095.1 contains 422 acres of tide and submerged lands in the vicinity of the San Joaquin River, Contra Costa County, California.

BACKGROUND:

Negotiated subsurface (no surface use) Oil and Gas Lease No. PRC 8095.1 (Lease) was issued to Russell H. Green, Jr. on June 14, 1999, and contains 422 acres of tide and submerged lands in the bed and vicinity of the San Joaquin River in Contra Costa County, California (leased lands). Under the terms of the Lease, the lessee is required to pay an annual rental of \$20.00 per acre (\$8,440.00 for 422 acres) and commence drilling operations on the leased lands within three years. No wells have been drilled on or into the leased lands.

Public Resources Code section 6804.1 and Lease Paragraph 30 permit the lessee to make, at any time, a written quitclaim of all rights under the lease or of

CALENDAR ITEM NO. C63 (CONT'D)

any portion of the leased lands comprising a ten-acre parcel or multiple thereof in a compact form. The quitclaim will be effective when it is filed with the State subject to the continued obligation of the lessee and its surety to pay all accrued rentals and royalties and to abandon all wells drilled on the leased lands.

On July 15, 2002, the Commission's Long Beach staff received the document "(Full) Quitclaim Deed for State Oil and Gas Lease." This document was dated June 11, 2002 and quitclaimed back to the State all of the lessee's right, title and interest in the leased lands described in Exhibit A, attached hereto, of Oil and Gas Lease No. PRC 8095.1 dated June 14, 1999.

A review of the Commission's files reveals that no default exists on the Lease, that the lessee has complied with all applicable laws and Lease provisions and has paid all rentals (no royalty is due as the leased lands were not developed).
