CALENDAR ITEM NO. C16 (CONT'D)

2. On December 16, 1980, the Commission issued a 20-year General Lease – Commercial Use to Lurn H. and Colleen M. Wolter for the operation of a commercial boating facility beginning October 1, 1980. That lease expired on September 30, 2000. At that time, most of the improvements within the lease premises were deteriorated or removed. On December 5, 2002, staff received an application from Ferry Road Marina, Inc. to construct a new commercial marina accommodating approximately 250 boats. Due to various factors, Ferry Road Marina, Inc. chose not to proceed with the project. Ferry Road Marina, Inc. recently sold the uplands and the remaining structures within the lease premises to Freeport Ventures, LLC. Freeport Ventures, LLC has applied for a new lease and is proposing to reconstruct the marina in approximately the same footprint which was leased in 1980. The facilities will consist of a walkway and a dock measuring approximately 265 feet.

The hold-over annual rent of \$729 was paid until September 30, 2005. Back rent in the amount of \$1,727.55 will be paid prior to Commission action.

3. The lease contains provisions that the Lessee must implement the Commission's "Best Management Practices for Marina Owners/Operators" and incorporate the Commission's "Best Management Practices for Berth Holders and Boaters" into Lessee's berth rental agreements, including additional Best Management Practices (BMPs) the Commission subsequently deems appropriate for either of the above categories. In addition to the inclusion of the BMPs for Berth Holders and Boaters into the berth rental agreements, the Lessee shall post such publication in prominent places within the lease premises. The Lessee shall provide the Commission, on the first anniversary of the lease and tri-annually thereafter, a report on compliance with all BMPs.
4. Pursuant to the Commission's delegation of authority and the State CEQA Guidelines (Title 14, California Code of Regulations, section 15061), the staff has determined that this activity is exempt from the requirements of the CEQA as a categorically exempt project. The project is exempt under Class 2, Replacement or Reconstruction; Title 14, California Code of Regulations, section 15302.

CALENDAR ITEM NO. C16 (CONT'D)

Authority: Public Resources Code section 21084 and Title 14, California Code of Regulations, section 15300.

5. This activity involves lands identified as possessing significant environmental values pursuant to Public Resources Code sections 6370, et seq. but such activity will not affect those significant lands. Based upon the staff's consultation with the persons nominating such lands and through the CEQA review process, it is the staff's opinion that the project, as proposed, is consistent with its use classification.

APPROVALS OBTAINED:

U. S. Army Corps of Engineers, The Reclamation Board, California Department of Fish and Game, and the California Regional Water Quality Control Board
