GENERAL LEASE – PUBLIC AGENCY USE

APPLICANT:

City of Redding
777 Cypress Avenue
Redding, CA 96001

AREA, LAND TYPE, AND LOCATION:

Sovereign lands in the Sacramento River, city of Redding, Shasta County.

AUTHORIZED USE:

Construction, use, and maintenance of two new force main sewer pipelines, 12- inch and 14-inch, as shown on Exhibit A, to be placed 20 feet apart underneath the bed of the Sacramento River, using horizontal directional drilling techniques and the use and maintenance of an existing 12-inch aerial sewer pipeline.

LEASE TERM:

20 years, beginning December 14, 2006.

CONSIDERATION:

The public use and benefit; with the State reserving the right at any time to set a monetary rent if the Commission finds such action to be in the State's best interest.

OTHER PERTINENT INFORMATION:

1. Applicant owns the uplands adjoining the lease premises.
2. The city of Redding is proposing to upgrade the existing North Market sewage lift station and replace the aerial force main sewer pipeline crossing over the Sacramento River. The present sewer line is a suspended aerial crossing over the River, beginning at the lift station and extending over the River to the south bank where it goes underground. The force main sewer pipeline was constructed about 50 years ago and

improvements were completed in the 1980s, but were not authorized by the Commission. It is approaching the end of its normal service life and needs to be replaced in order to eliminate the potential for sewage spills into the River. The aerial sewer line will remain in place until such time as it is decommissioned. The city is preparing a separate environmental document for the removal of the existing suspended pipeline and associated structure and anticipates removing it within the next couple of years.

3. The proposed Force Main replacement project will consist of two new pipes, which will be installed to replace the existing 12-inch aerial sewer pipeline. The two new pipes, 12-inch and 14-inch, will be placed 20 feet apart, approximately 65 to 95 feet underneath the Riverbed, using horizontal directional drilling techniques. The drill entry site will be located in a paved lot at the rodeo grounds on the south side of the River. The receiving pit will be located within the lift station detention pond on the north side of the river.
4. A Negative Declaration was prepared and adopted for this project by the city of Redding. The California State Lands Commission's staff has reviewed the document.
5. This activity involves lands identified as possessing significant environmental values pursuant to Public Resources Code sections 6370, et seq. Based upon the staff's consultation with the persons nominating such lands and through the CEQA review process, it is the staff's opinion that the project, as proposed, is consistent with its use classification.
