GENERAL LEASE – RECREATIONAL AND PROTECTIVE STRUCTURE USE

APPLICANT:

Rebecca J. Cabral, Trustee of the Rebecca J. Cabral Revocable Trust dated December 4, 2002

AREA, LAND TYPE, AND LOCATION:

Sovereign lands in Threemile Slough, near the city of Rio Vista, Sacramento County.

AUTHORIZED USE:

Continued use and maintenance of three existing pilings, one dolphin, and bank protection.

LEASE TERM:

Ten years, beginning April 1, 2007.

CONSIDERATION:

Three pilings and one dolphin: No monetary consideration pursuant to Public Resources Code section 6503.5.

Bank Protection: The public use and benefit; with the State reserving the right at any time to set a monetary rent if the Commission finds such action to be in the State's best interest.

SPECIFIC LEASE PROVISIONS:

Liability insurance with combined coverage of no less than \$500,000

OTHER PERTINENT INFORMATION:

1. The Applicant owns the upland adjoining the lease premises.
2. On May 12, 1997, the Commission authorized a Recreational Pier Lease to Rebecca Cabral. The lease was for the construction of a covered floating dock, three pilings, a dolphin, and gangway. That lease expired

on March 31, 2007. Subsequently, the upland property was placed in a trust. Rebecca J. Cabral, Trustee of the Rebecca J. Cabral Revocable Trust dated December 4, 2002, is now applying for a new General Lease - Recreational and Protective Structure Use. The bank protection has existed for several years. The three pilings and dolphin are the only improvements completed thus far. Construction for the covered floating dock and gangway is estimated to begin within two years and the applicant will submit a application for the dock construction at that time. The Applicant qualifies for the rent free use of the pilings and dolphin because the Applicant is a natural person who has improved the littoral land with, and uses the upland for, a single-family dwelling.

3. The bank protection at this location mutually benefits both the public and the Applicant. The bank of Threemile Slough will have the additional protection from wave action provided at no cost to the public.
