CALENDAR ITEM NO. C56 (CONT'D)

2. When the request for approval of the lease was brought before the Commission at its meeting on December 14, 2006, the staff report indicated the future assignment of the lease to Pittsburg Power Company (PPC) would take place. PPC is a joint power authority consisting of the city of Pittsburg and the Pittsburg Redevelopment Agency. Pursuant to a Purchase and Sale Agreement (Agreement) between Trans Bay Cable (TBC) and PPC, entered into on November 6, 2006, PPC will acquire ownership of the project assets of the TBC upon the Closing Date as defined in the Agreement, which will be the Effective Date of this assignment. Pursuant to a Project Administration Agreement between TBC and PPC, also entered into on November 6, 2006, PPC will own, operate, manage, and maintain the project assets from and after the Effective Date, subject to the operational control of the California Independent System Operator. The assignment is necessary for closing of the financing for the project.
3. The Project is in an advanced stage of development and is on track for financial close in June 2007, with Commercial Operations Date in March 2010. TBC has received most of the permits and approvals required for financing the Project and has obtained most of the land rights required (with the exception of the San Francisco Port License, which has been approved by the Port of San Francisco but awaits approval by the San Francisco Board of Supervisors, short easements with one counterparty that are expected to be in place by May or early June, and two early termination agreements relating to tenants in San Francisco that are progressing). There have been no appeals of the issuance of the Project's Environmental Impact Report.
4. The December 14, 2006, staff report inadvertently omitted that the rent for the pre-construction period of the Lease was to be set at \$100,000 per year, then upon the start of construction within the Lease Premises rent would be \$389,000 per year, pro-rated for the year in which construction commences. Staff is requesting that the Commission approve the annual rent as is described and as outlined in the executed lease.
5. Pursuant to the Commission's delegation of authority and the State CEQA Guidelines [Title 14, California Code of Regulations, section 15060(c)(3)], the staff has determined that this activity is not subject to the provisions of

CALENDAR ITEM NO. C56 (CONT'D)

the CEQA because it is not a "project" as defined by the CEQA and the State CEQA Guidelines.

Authority: Public Resources Code section 21065 and Title 14, California Code of Regulations, sections 15060 (c)(3) and 15378.

**CEQA FINDING:**

FIND THAT THE ACTIVITY IS NOT SUBJECT TO THE REQUIREMENTS OF THE CEQA PURSUANT TO TITLE 14, CALIFORNIA CODE OF REGULATIONS, SECTION 15060(c)(3) BECAUSE THE ACTIVITY IS NOT A PROJECT AS DEFINED BY PUBLIC RESOURCES CODE SECTION 21065 AND TITLE 14, CALIFORNIA CODE OF REGULATIONS, SECTION 15378.
