**GENERAL LEASE - RECREATIONAL USE**

**APPLICANT:**

Rubicon Tahoe Owners, Inc.

**AREA, LAND TYPE, AND LOCATION:**

Sovereign land in Lake Tahoe, near Rubicon Bay, El Dorado County.

**AUTHORIZED USE:**

Continued use and maintenance of an existing pier, swim area with swim float, 22 mooring buoys, and one marker buoy in the North Field and an existing pier, swim area with swim float, 75 mooring buoys, and two marker buoys in the South Field.

**LEASE TERM:**

10 years, beginning February 1, 2012.

**CONSIDERATION:**

\$19,661 per year, with the State reserving the right to fix a different rent periodically during the lease term, as provided in the lease.

**SPECIFIC LEASE PROVISIONS:**

Insurance:

Liability insurance in the amount of no less than \$2,000,000.

Other:

Buoy Allotment Program: The use of the buoy fields will be made available to all members of Rubicon Tahoe Owners, Inc. (RTO) in a fair and equitable manner. A buoy allotment program must be maintained during the lease term that will identify how the buoys will be managed, maintained, and distributed for use by RTO's members.

**OTHER PERTINENT INFORMATION:**

1. Applicant owns the upland parcels, Assessor's Parcel Numbers 016-221-06 and 016-142-11, adjoining the lease premises and has permission to maintain the buoys adjacent to eight upland parcels.

CALENDAR ITEM NO. **C21** (CONT'D)

2. On October 20, 2003, the Commission authorized a 10-year General Lease – Recreational Use with RTO. That lease will expire on January 31, 2012.
3. RTO, a voluntary organization representing 325 lot owners in the Rubicon Subdivision adjacent to Lake Tahoe, has applied for a new General Lease – Recreational Use for the continued use and maintenance of two lease areas known as the “North Field” and “South Field.” The “North Field” consists of an existing pier, swim area with swim float, 22 mooring buoys, and one marker buoy. Approximately one mile south of this field is the “South Field” consisting of an existing pier, swim area with swim float, 75 mooring buoys, and two marker buoys.
4. The entire lease premises are adjacent to 10 littoral parcels, two of which are owned as common area parcels by RTO with each located adjacent to a lease area. RTO has arranged the existing buoys in a grid pattern approved by the U.S. Army Corps of Engineers and the Tahoe Regional Planning Agency. The grid pattern provides two buoy positions for each of the littoral owners. Six of the eight littoral parcel owners have separate leases with the Commission and their buoys are interspersed in the fields.
5. On October 8, 2011, Chapter 585, Statutes of 2011 became law. The law is effective January 1, 2012. This new law repeals section 6503.5 of the Public Resources Code, which had allowed rent-free use of State-owned land by certain private parties for their recreational piers. It replaced the former section with a new section 6503.5 which provides that the State Lands Commission “shall charge rent for a private recreational pier constructed on state lands.” The law provides for two exceptions to the imposition of rent. Those exceptions are for:
  - a. A lease in effect on July 1, 2011 through the remaining term of that lease. If a lease in effect on July 1, 2011 expires or is otherwise terminated, any new lease will be subject to rent; and
  - b. A lease for which the lease application and application fees were submitted to the Commission prior to March 31, 2011.
6. Because the application was submitted to the Commission prior to March 31, 2011, the lease meets the statutory requirements for an exception to recently-enacted changes to Section 6503.5 of the Public Resources Code for the term of this lease. Therefore, the annual rent for the two piers and buoy fields has been prorated according to the number of members that qualify for rent-free status. Of the 325 members, 303

CALENDAR ITEM NO. **C21** (CONT'D)

qualify for rent-free status. The rent for the two swim areas with swim floats are subject to full rent.

7. Pursuant to the Commission's delegation of authority and the State CEQA Guidelines (Cal. Code Regs., tit 14, § 15061), the staff has determined that this activity is exempt from the requirements of CEQA as a categorically exempt project. The project is exempt under Class 1, Existing Facilities; California Code of Regulations, Title 2, section 2905 subdivision (a)(2).

Authority: Public Resources Code section 21084 and California Code of Regulations, Title 14, section 15300 and California Code of Regulations, Title 2, section 2905.

8. This activity involves lands identified as possessing significant environmental values pursuant to Public Resources Code section 6370 et seq., but such activity will not affect those significant lands. Based upon the staff's consultation with the persons nominating such lands and through the CEQA review process, it is the staff's opinion that the project, as proposed, is consistent with its use classification.

**RECOMMENDED ACTION:**

It is recommended that the Commission:

**CEQA FINDING:**

Find that the activity is exempt from the requirements of CEQA pursuant to California Code of Regulations, Title 14, section 15061 as a categorically exempt project, Class 1, Existing Facilities; California Code of Regulations, Title 2, section 2905 (a)(2).

**SIGNIFICANT LANDS INVENTORY FINDING:**

Find that this activity is consistent with the use classification designated by the Commission for the land pursuant to Public Resources Code section 6370 et seq.

**AUTHORIZATION:**

Authorize issuance of a General Lease – Recreational Use to Rubicon Tahoe Owners, Inc. beginning February 1, 2012, for a term of 10 years, for the continued use and maintenance of an existing pier, swim area with
