**ARCHAEOLOGICAL INVESTIGATION PERMIT FOR PHASE II TESTING AND
EVALUATION**

APPLICANT:

City of Los Angeles
Department of Water and Power
William T. Van Wagoner
111 North Hope Street
Los Angeles, CA 90012

AREA, LAND TYPE, AND LOCATION:

Sovereign land in the dry lake bed of Owens Lake, Inyo County.

AUTHORIZED USE:

Conduct Phase II cultural resources investigations in support of Owens Lake
Dust Mitigation Program Phase 9.

LEASE TERM:

1 year, beginning August 23, 2013.

CONSIDERATION:

The public health and safety; with the State reserving the right at any time to set
a monetary rent if the Commission finds such action to be in the State's best
interest.

SPECIFIC LEASE PROVISIONS:

Liability insurance in an amount no less than \$1,000,000 per occurrence.
Applicant may satisfy all or part of the insurance requirements through
maintenance of a Commission staff-approved self-insurance program.

OTHER PERTINENT INFORMATION:

1. Applicant is required to implement dust control mitigation measures
(DCMs) as provided in the *2008 Owens Valley PM₁₀ Planning Area
Demonstration of Attainment State Implementation Plan (SIP)*. The

CALENDAR ITEM NO. **C81** (CONT'D)

proposed archaeological investigations are being performed in response to proposed DCM under Owens Lake Dust Mitigation Program (OLDMP) Phase 9. Phase 9 includes 2.86 square miles contained in the 2011 Supplemental Control Requirements Determination. Commission staff anticipates receiving an application for the proposed OLDMP Phase 9 in the future.

2. Activities under the proposed permit will be performed by professional archaeologists to determine through Phase II testing and evaluation if any sites may be eligible to the California Register of Historical Resources (CRHR) or the National Register of Historic Places (NRHP) (significant sites). LADWP will ensure that Native American tribal representatives are invited to be present during testing on the Permit premises. Special analytical studies may be conducted on artifacts and samples collected under the Permit to include radiocarbon dating, obsidian sourcing and hydration, basalt sourcing, charcoal analysis, ceramic analysis, and botanical analysis.
3. Significant sites will require mitigation before the proposed OLDMP Phase 9 is constructed. It is anticipated that mitigation will consist of Phase III data recovery that would be conducted as part of a Mitigation Monitoring and Reporting Program developed under the CEQA process and adopted at the time the Commission approves issuance of a lease amendment for the Phase 9 project. No separate permit would be required under these circumstances for Phase III.
4. Artifacts collected from the Permit Premises shall remain State property until further action by the Commission's Executive Officer. LADWP will request the transfer of title or control of artifacts collected from sites determined eligible by the CRHR, or NRHP or that qualify as a "unique archaeological resource" under Public Resources Code section 21083.2, to a recognized museum curation facility. After receiving written permission from the Commission's Executive Officer, such artifacts may be transferred to the curation facility. Such artifacts will be curated at no cost to the State.

Other Native American artifacts collected from the Permit Premises will be offered to culturally affiliate Native American tribes. The distinction between artifacts from CRHR or NRHP eligible sites and those that are not does not in any way reflect on their cultural value or importance.

5. Public Resources Code section 6313(a) provides: "The title to all abandoned shipwrecks and all archaeological sites and historic resources

CALENDAR ITEM NO. **C81** (CONT'D)

on or in the tide and submerged lands of California is vested in the state. All abandoned shipwrecks and all submerged archaeological sites and submerged historic resources of the state shall be in the custody and subject to the control of the commission for the benefit of the people of the state of California. The Commission may transfer title, custody, or control to other State agencies or recognized scientific or educational organizations, institutions or individuals by appropriate legal conveyance.”

6. The staff recommends that the Commission find that this activity is exempt from the requirements of the California Environmental Quality Act (CEQA) as a categorically exempt project. The project is exempt under Class 6, Information Collection; California Code of Regulations, Title 2, section 2905, subdivision (e)(3).

Authority: Public Resources Code section 21084 and California Code of Regulations, Title 14, section 15300 and California Code of Regulations, Title 2, section 2905.

7. This activity involves lands which have NOT been identified as possessing significant environmental values pursuant to Public Resources Code section 6370 et seq.; however, the Commission has declared that all lands are “significant” by nature of their public ownership (as opposed to “environmentally significant”). Since such declaration of significance is not based upon the requirements and criteria of Public Resources Code section 6370 et seq., use classifications for such lands have not been designated. Therefore, the finding of the project’s consistency with the use classification as required by California Code of Regulations, Title 2, section 2954 is not applicable.

EXHIBITS:

- A. Land Description
- B. Site and Location Map

RECOMMENDED ACTION:

It is recommended that the Commission:

CEQA FINDING:

Find that the activity is exempt from the requirements of CEQA pursuant to California Code of Regulations, Title 14, section 15061 as a categorically exempt project, Class 6, Information Collection; California Code of Regulations, Title 2, section 2905, subdivision (e)(3).

CALENDAR ITEM NO. **C81** (CONT'D)

AUTHORIZATION:

Authorize issuance of an archaeological investigation permit to the City of Los Angeles, Department of Water and Power beginning August 23, 2013, for a term of 1 year, for Phase II cultural resources investigations in support of Owens Lake Dust Mitigation Program Phase 9 as shown on Exhibit A (for reference purposes only) and described on Exhibit A and shown on Exhibit B (for reference purposes only) attached and by this reference made a part hereof; consideration being the public health and safety; with the State reserving the right at any time to set a monetary rent if the Commission finds such action to be in the State's best interest; and liability insurance in an amount no less than \$1,000,000; Applicant may satisfy all or part of the insurance requirements through maintenance of a staff approved self-insurance program.

Authorize the Executive Officer to approve the transfer of title or control of artifacts collected under this permit from sites eligible to the California Register of Historical Resources or the National Register of Historic Places to a recognized museum curation facility and to approve the transfer of title or control of other Native American artifacts to the culturally affiliated Native American tribe according to the Native American Heritage Commission.

Exhibit A. Legal Descriptions
Owens Lake Dust Mitigation Program Phase 9
PRC 8943.9

Thirteen parcels of land, in, and contiguous with the bed of Owens Lake, being both wholly and partially on State-owned sovereign land in the County of Inyo, State of California, being more particularly described as follows:

Parcel T32-1-L1

BEGINNING at a point from whence Mineral Monument No. 58, a white marble stone monument with a metal plate cross stamped "MM #58", as said monument is shown on that map filed in Book 11, of Record of Surveys at page 7, Official Records of the County of Inyo, State of California, bears South 44°06'21" East, a distance of 18,510.79 feet; thence along the following described courses:

North 58°46'07" West, 471.19 feet;
South 66°07'46" West, 39.91 feet;
